THE LINE CROSSED.

Boomers Enter the Cherokee Strip.

The Long March Toward Oklahoma Begun by Thousands.

Exciting Scenes in Kansas Towns on the Border.

The Procession Accompanied by Federal Troops—Perfect Good Order Thus Far Maintained by the Settlers.

By Telegraph to The Times

WELLINGTON (Kan.), April 18.—[By the Associated Press.] The stream of prairie schooners moving southward has not diminished. The streets of the city are filled with boomers, and they continue to pour in from north, east and west. Frequently from six to twelve wagons and teams are included in one outfit. Such emigration was never before witnessed in this section. Old settlers familiar with the Cimarron River, which all settlers entering Oklahoma from the northwest cross, say its waters are very high, and it is as much as a man's life is worth to cross it in its swollen condition. Its bed is composed in a large part of shifting quicksands, and where a safe crossing can be made today, tomorrow in all probability the same place would be death to each. Many parties who intended to go from here with teams will go by rail, being fearful of serious accidents in fording this river.

PREPARING FOR THE MARCH.

ARKANSAS CITY (Kan.), April 18.—At 5 o'clock this morning the boomers were alive, getting ready to cross the Cherokee strip. Nearly 30,000 are here. They have been ordered to move in an orderly manner along the established trails. If any depredations are committed the whole line will be stopped and the guilty ones turned back. The procession will be accompanied by 20 or 30 reporters on ponies. United States Commissioner Bensell has allowed two men to construct bridges at Salt Creek and Chillicothe Creek and charge the boomers 25 cents to cross. The old ferryboat on Salt Fork, which has lain idle for years, will be brought into service.

THE LINE CROSSED.

Boomers Enter Cherokee Lands—The March to Oklahoma Begun.

ARKANSAS CITY (Kan.), April 18.—[By the Associated Press.] Capt. Hays yesterday received instructions from the War Department to permit entries into the strip at 8 o'clock this morning. The south bridge across the Arkansas River is the most direct route to the strip, being just three miles from the border. The road is narrow, with a hedge on one side and a wire fence on the other. Rain made the mud hub deep. Before dark last night this three-mile road was blockaded with wagons and was impassable either way. Many families slept in wagons which stood up to the hubs in mud. A large party from Wellington, Kan., has constructed a pontoon bridge, which is portable, and they will cross streams on it.

CROSSING THE LINE.

This morning fully 400 wagons were along the line, and strung all the way to the limits of Arkansas City, where there were 600 more. There was a hesitancy about the start. Orders were given by Capt. Hays to wait till 8 o'clock, when an orderly would give warning. It lacked a few minutes before 8 when a Kansas City man called out:

"Why should we wait longer? Follow me," and drove across the line upon the reservation.

A tremendous shout went up from the boomers, and they went forward and over the line. The shout was taken up all along the line, and the entire cavalcade moved forward. One Williams, from Chautauqua county, Kan., with his wife and five children, were the first settlers to follow the Kansas City men. Soon 1000 white-covered wagons were in motion. From an elevation, five solid miles of wagons could be seen, and as the caravan went over the undulating prairie it presented a sight long to be remembered.

A PATRIOTIC EPISODE.

Perched on a cracker box in a file of 10 wagons from Kingman, Kan., Dan Sikes flung an American flag to the breeze. As far as it could be seen it was hailed with patriotic shouts. For three hours the wagons crossed the strip line and moved slowly toward the promised land. On the outside of almost every wagon, strapped to the side, were plows, household goods and farming implements. Extra horses and bunches of cattle followed. The wagons were often driven by women and children. One farmer had built a house from the bed of his wagon. It was shingled, and a stove-pipe leading from a modern cook-stove made a complete apartment.

THE FIRST DAY'S JOURNEY.

From the Cherokee strip line to Salt Creek fork is 14 miles. This fork is swollen out of its stream, and crossing it is dangerous business. A temporary bridge has been erected, but it is not safe. It is believed that a majority of the settlers will camp tonight beside this stream.

Capt. Hays broke up Camp Price at noon, and is following with his cavalry. His orders are to camp tonight at Salt Creek fork, and then to take the line of march tomorrow for the Oklahoma line. The camp will be struck by the soldiers just across the line, and Capt. Hays will picket his men along the Oklahoma line as far as they will reach. His picket line will be joined by a line of soldiers from Caldwell, and boomers will be kept at bay until the hour of noon arrives.

A HARD ROAD TO TRAVEL.

Three miles of road from the Arkansas River along the Ponca trail is in a frightful condition, and most discouraging for the settlers, but these men are not made of the stuff to turn back. Difficulties of all kinds are met and overcome. The most neighborly feeling exists, and each renders the others all assistance possible. Capt. Hays, who has kept the boomers at bay, says he never saw a more orderly set of men. He fully expected to see an element that would cause trouble.

The Indian mission school, half a mile from the Ponca trail, came in a body to witness the start, and men and women on horseback from Arkansas City galloped along the line of wagons and waved their handkerchiefs to the farmers.

The prospects are that merchants,

THE FLOWER FESTIVAL.

MANY ADDITIONS MADE TO THE BEAUTIFUL DISPLAYS.

Another Immense Crowd at Night—An Enjoyable Concert by the Seventh Regiment Band—The Lovely Gates of the Rose Banks—Bits of Description and Notes of the Festival.

The Flower Festival was visited by a large number of people yesterday and last night. It continues to grow in interest and popularity. People have no idea of the immense amount of work necessary to create the charming floral pictures which have been arranged. The flowers are renewed in many places each day, and there are very few of the ladies who have a chance to be ornamental without being useful. One of the most noticeable renewals yesterday was that of the gates in the rose bank horse-shoes in the center of the hall. They are a perfect dream of beauty. Those in the horse-shoe toward the front of the hall are in exquisitely lovely designs. The upper part of the gate is of Reine Marie Henriette reds, and the lower of diagonal rows of Celine Forresters, Agrippinas, Safranas and Bonsilenes, while the gate is fringed with smilax. The gates of the other horse-shoe are lovely also, and the roses are not arranged in any definite order or design. The idea of the gates is one of the happiest conceptions of the festival. So altogether beautiful do they seem that they suggest to nearly all the spectators a simile of celestial gates. The dainty roses in all their varied tints form a barrier of such loveliness that one is almost tempted to wish that the gates of heaven could be like them. The rose banks are renewed every day, and it takes many contributions to fill the spaces made vacant by their sale. There is a large demand for roses, and yesterday afternoon some parts of the banks were quite denuded of their lovely freight.

Among the exhibits made more attractive by additional labor is the windmill from Duarte. Yesterday the four pillars of the base were beautified with calla lilies and evergreens, while the shelves were banked with pansies. The effect produced by the graceful decorations is very fine and greatly admired. Whittier's demure Quaker booth was also freshened up by new flowers, and makes one of the most delightful spots in the hall. There is scarcely a moment that some one is not uttering exclamations of admiration over the dainty decorations. The lavish display of roses at the Whittier booth attracted much attention. Alhambra's legendary booth naturally attracts attention. It is prominently located and is very striking in its bold outlines. Yesterday its beauty was vastly enhanced by the added floral pieces on the sides.

LAST NIGHT'S CONCERT.

The Pavilion was the center of attraction again last night. The large attendance which has so far characterized the Flower Festival must be very gratifying to those who have worked so hard to make it a success. Everybody who is anybody, and even what Mrs. Gen. Gilflory calls the "K. K.," the common crowd, are to be seen at the Flower Festival. No surer indication of the popular nature of the exhibition can be offered. Many people who live right in Southern California do not know the extent of its flora. They have an opportunity of observation during the exhibition, and avail themselves of it. Many a business man of Los Angeles who wandered around in the Pavilion last night had probably never conceived of the bewildering variety of roses and flowers of every description which are grown in the yards of citizens without any particular attention paid to them. They have no doubt referred to the lavish bounty with which Nature has blessed this section—in conversations with "Tenderfeet." But as for intimate acquaintanceship with Reine Marie Henrietta and other roses, they probably did not before know them from cabbages. Under all the circumstances, it is not only a benefit to the city for the visitors to see and marvel at the blessings with which Nature has blessed Los Angeles, but a pretty good thing for its own citizens to have a chance to get acquainted with those same blessings. The attendance last night was very large, and while no set programme was given except the very enjoyable concert by the Seventh Regiment band, still there seemed to be no difficulty for the brilliant assemblage to find means to pass away the time. The costumes of the ladies at the several booths were especially attractive, and they vied with the flowers in eliciting attention from the spectators. There was a generous patronage of the booths, where donations were cheerfully received for lemonade, soda water, ice cream and other things, where the gallant escorts of the ladies came nobly to the front, and added to the silver stream which is flowing into the coffers of the Flower Festival Society. The festival has become the fashion, and during the days of its existence this year will be visited by nearly every one in the city who can visit it.

FESTIVAL NOTES.

The ticket-sellers for Thursday were Messrs. Arnold and Curson, and the ticket-takers Messrs. Cook, Town, Coffin and Carskaddon.

An equestrian party from Pasadena visited the festival Wednesday night. They were chaperoned by Mrs. Debby Bettle and Mr. W. E. Cooley, and the party consisted of Misses Daniels, Cooley, Pooley, and Messrs. Strobridge, Cooley, Lehead.

Mrs. Col. Mudge of Compton was among the workers yesterday.

The hat booth has an extra shelf for beavers tonight.

Mosquito nets have been put at the windows of the lunchroom.

The Festival Society requests supplies for the lunchroom from the charitably disposed.

The demand for flowers in the pink and pansy booth keeps the nimble fingers of the young ladies busy.

The society will try to have enough from the festival to help the free kindergartens and Young Men's Christian Association, after first caring for the fund of the Young Women's Home.

The kindergarten children attract much attention in their exercises, which are gone through with every afternoon.

People coming in from the country are requested to bring wild flowers for the wild flower booth, which is one of the most attractive at the festival.

TONIGHT'S PROGRAMME.

Part I.

Maypole dance—Fourteen little girls led by Pearlie Gleason.

TAN PLAYERS.

Another Batch of Them Disposed of Yesterday.

The City Justice's Court, over which Justice Lockwood presides, was again filled by a horde of Mongolian fan-tan players yesterday. Some were prisoners and others not, and it appears that it was a trick of these people to hoodwink justice, but it was a failure. District Attorney Kelly saw through the job and summoned the Chinamen who had helped the constables to enter the Chinese dens, and ordered them to identify the prisoners. Attorney Payton for the defense interposed an objection on the ground that "spies" were unworthy of belief. The objection was not sustained. By this means of identification several substitutes were discovered, who were mostly employed as cooks and servants in different parts of the city. Twenty-two were arraigned yesterday morning, and were held in $100 bond bail. Ten others were arraigned in the afternoon, and they were also held under $100 bonds. The sureties in all the cases were Ah Sing, half owner of the Chinese Theater; Hin Hoo, Ah Mow and Lung Lei. This makes most of the real estate owned by Chinese in this city responsible for the appearance of the captured players.

Loh Kai was arrested and arraigned before Justice Lockwood yesterday afternoon. He was accused by Ah Chau with attempt to kill, although a charge of assault with a deadly weapon was made against him. The assault was made opposite the Chinese Theater, on Marchessault street. Loh Kai was held in $500 bail.

G. W. Harcourt, paying teller of the California Bank, was fined $5 for refusing to give his name to the Assessor.

THE QUACKS.

The Regulars to Make a Fight Against Quacks.

It is not generally known that there are in Los Angeles no less than 113 illegal practitioners of medicine, more than in every other city in the State combined. These practitioners are persons who have no license, having never been examined by the State Board of Examiners, as persons who are not graduates of any college, besides several Chinese. The law of the State forbids anyone not having a legal license to practice medicine and reseive fees therefor, and imposes a heavy penalty for all violations of the same. There was considerable opposition to the law several years ago, as it was claimed that it was unconstitutional, but the Santa Clara County Medical Association took the matter up, raised money for the purpose, and carried a test case before the Supreme Court, which decided that the law was constitucional. War was then made on the quacks and they were forced to leave that section of the State. During the boom many of them came to Los Angeles, and once or twice the County Medical Association has raised money for the purpose of prosecuting them. The matter has now reached such proportions that it is playing the mischief with the regulars, and another movement is on foot to clear them out. It is believed that it will be successful, as a large fund has been raised, and the war will be kept up until the quacks are exterminated.

INDUSTRIAL EXPOSITION.

The Committee Preparing for Business.

The managers of the Industrial Exposition of Southern California are making rapid progress. The directors are Eugene Germain, E. W. Jones, S. W. Luitweiler, S. B. Lewis, W. E. Hughes, E. A. Forester, W. Dodsworth, T. A. Lewis, J. W. Robinson, H. Jevne and Milton Thomas.

The business in hand is to secure a site for the erection of a huge building in which to hold the fairs. Bids for a site, to be rented for a term of years with the option of purchase at a fixed price, will be received. The lot desired should be about 200x800 feet. The capital stock is $250,000, at $10 per share. At the next meeting of the Board of Trustees the bylaws will be submitted for adoption.

The movers are confident that they will make a "go" of it, and all who have given the matter any consideration are confident that this section of the country will be greatly benefited.

PERSONAL NEWS.

J. R. Clark of Philadelphia is at the Nadeau.

R. J. Martin came in from Colton yesterday.

J. P. Eckles and wife of Covina are in the city.

John G. Porouty of Massachusetts is at the Hollenbeck.

George J. Ainsworth returned from Oakland yesterday.

George S. Montgomery of Oakland is at the Westminster.

J. D. McNab and wife and Miss McNab of Pasadena were in the city yesterday.

James Barrett and wife and Miss D. E. Hill of Ohio are guests at the Nadeau.

George H. Mansfield and Miss S. Y. Mansfield of San Diego are at the Westminster.

John C. Anderson of Eagle Rock, Id. T., and Benjamin Gratz of St. Louis are at the Hollenbeck.

Lord Chesterfield after a day in Los Angeles went to San Francisco, and will go from there to British Columbia.

D. G. Waldron, one of the most enterprising newspaper men of San Francisco, and now proprietor of the Wasp, is at the Hollenbeck. Mr. Waldron says he is again going to make the Wasp as bright and spirited as of old.

Chick Thieves.

Early yesterday morning Officer Richardson caught a couple of young Mexicans on Kuhrts street with eight chickens in their possession. They could not give a satisfactory account of themselves, and were locked up on suspicion. They gave the names of A. Alamanke and Juan Amus, and later in the day were fully identified. They have been stealing chickens for some time for the purpose of making tamales. They said at first that they owned a chicken ranch near the city limits, but soon gave up this story and virtually acknowledged everything.

The Tribune Suits.

Yesterday afternoon, in Judge Van Dyke's court, the case of Murray vs. the Tribune Publishing Company was called. The suit is for $4582 on a certain promissory note or notes, and is the first of a batch of attachment suits that were brought about two months ago. The defendants confessed judgment and on consent of both parties a stay of execution was granted for 10 days. There are three other attachment suits to be disposed of in a few days.

TIE AND TRACK.

SOUTHERN CALIFORNIA TO BE A SUMMER RESORT.

Big Railroad Hotels on the Coast for Pleasure Seekers—The Southern Pacific Company at Its Old Freeze-out Tricks in the San Joaquin Valley.

There is nothing new in railroad circles, except that the local men are looking forward to the time when the Southern Pacific people will open up their proposed schemes in Southern California and give hundreds of men who are now loafing employment.

Quite a number of eastern people who have spent the winter here are leaving for their homes, but the intention of a large majority of them is to return and spend the summer here. It is only quite recently that the people of the East have discovered that Southern California is a much better place in which to summer than any other section of the United States. From general appearances, within the next five years this will become one of the greatest summer resorts in the world.

The big hotels at the principal watering-places that are now being prepared for the reception of thousands of visitors shows that some of the principal hotel men in the United States have great faith in this section of the country as a summer resort.

As soon as the Santa Fé people get their Boston excursions under headway, there will be a big improvement in the travel to Southern California. The Santa Fé people are largely interested in the big hotel at Coronado, and they will do all in their power to bring visitors to this coast by wholesale.

Railroad building in the northern and middle portion of the State is going on rapidly, and the Southern Pacific people are pushing down this way as rapidly as possible. The San Francisco Chronicle of the 17th inst. says:

It is known for a fact that the Union Trust Company of New York has guaranteed 80 per cent. on the bonds of the Stockton, Fresno and Southern Railroad Company, and it has also been discovered that two overland lines are interested in the scheme for the building of the road. The Union Trust Company is said to be composed chiefly of the stockholders of the lines in whose interest the road is to be built, but the names of these lines have not yet been made known. The bonds of the company, in a sufficient amount to build and thoroughly equip the road, were placed in the London market at the high rate of 95 per cent., and the company is credited with having ample capital to build the road with several lateral feeders. A Chronicle reporter saw the results of the field work of the company yesterday as they appear on some finely executed charts, in which great attention has been paid to detail. The officials of the company say they have let contracts for bridging the Stanislaus, Tuolumne and San Joaquin rivers to the American Bridge Company for $750,000. They intended at first to buy their rails in England, but a syndicate having secured control of the market there and advanced the price, it was found cheaper to buy them in New York. The road will reach Merced, Fresno, Centerville, Visalia and Bakersfield, and will intersect the Utah and Los Angeles branch of the Union Pacific somewhere in Southern California. Henry L. Davis of the California Wire Works, who controls the cable railway patents, and who is worth $500,000, is the president of the new company. The directors are T. R. Hays, of Main & Winchester; A. S. Murray, manager of the South British Insurance Company; Daniel E. Hayes, of Hinckley, Spiers, & Hayes; George H. Collins, of Higgins & Collins; H. B. Hunt, of Moore, Hunt & Co., who is said to be worth $400,000, and L. M. Hickman, owner of a 10,000-acre ranch in Stanislaus county. These men say they have not gone into the railroad business for fun or for land speculation, but that they will build the line as promised, and have the first 50 miles of it in operation by September 1st.

Thomas E. Stillman, the new Southern Pacific Company director, has started for New York in the special car San Carlos.

An inspection of 20 miles of the California and Oregon line in Siskiyou county has been undertaken by John P. Irish, Alexander Gunn, George W. Bard, Orlando O. Staley and Isaac M. Weston, who were appointed for this purpose by ex-President Cleveland just before he retired from office.

According to all reports, the recent trip of I. R. Wilbur of the Wilbur-Pacific-Paulsell Railroad to New York for capital to aid in the construction of their line was not a success. The story goes that the Southern Pacific people headed Wilbur off in every avenue in which he attempted to interest men of wealth in his project, and in the meantime they have been at work discouraging his scheme in the San Joaquin Valley. His 80 miles of new grading are paralleled within a stone's throw for the whole distance, and now some of the people who granted him right of way through their ranches are threatening to plow up his grade unless he begins to lay tracks upon it pretty soon. Miller & Lux gave Wilbur right of way through their big ranch, but as the Southern Pacific has got its steel down first and there is no particular need of two lines within 100 yards of each other, they are inclined to discourage Wilbur's project. C. P. Huntington says that the work done by Wilbur was "inexpensive," but Wilbur is not a heavy capitalist, and as he has spent $100,000 in the scheme thus far, he is getting a good deal of sympathy from those who know how hard it is to build a railroad in opposition to the Southern Pacific Company.

All of the property of the San Francisco and North Pacific Railroad Company has been mortaged to the Mercantile Trust Company of New York for $4,500,000, representing 4500 bonds of $1000 each, payable in thirty years at 5 per cent. The mortgage covers the line from Tiburon to Ukiah, with branches. A sinking fund will be created for the payment of interest and principal, on which the company will pay $25,000 a year.

A Letter from Dr. Hans von Bulow

The Knabe pianos, which I did not know before, have been chosen for my present concert tour in the United States by my impressario and accepted by me on the recommendation of my friend, Bechstein, acquainted with their merits. Had I known these pianos as I now do, I would have chosen them by myself, as their sound and touch are more sympathetic to my ears and hands than all others of the country.

A SWORD CONTEST.

Fred Engelhardt and the Unknown Have a Set-to.

Jaguarine's prospective opponent had a good test last evening at the hands of Fred Engelhardt. A gentleman who does not wish his name to be made public was mentioned in a recent issue of the German paper, the California Post, as being a very expert master with the sword and a fine rider as well. It was also stated that the gentleman in question desired to meet Jaguarine in a sword combat on foot or on horseback. Investigation proved that the gentleman meant business, but had no idea of issuing a challenge for a combat with any stake money as those things are done here, but rarely in Europe.

In order not to bring Jaguarine up here on a fool's errand it was determined to arrange a trial meeting between Mr. Engelhardt and the newcomer and this meeting took place on the stage of Los Angeles Theater last evening. The fights was with rapiers weighing four pounds each. Both combatants wore heavy steel masks and regulation arm guards, but neither wore cuirasse nor plastron. At the signal to attack both cut and parried, the new man guarding a swift, low carte, returning with a quick cut in high carte, which was also neatly stopped. A few rapid cuts and parries were at last followed by a good whack on Engelhardt's right flank, the first point being scored by the newcomer.

In the second attack some clever parrying was done on both sides, Engelhardt scoring a point in prime and another in the third attack in high carte.

In the fourth attack some pretty hard work was done, and Engelhardt received a heavy cut on the left collar bone.

In the sixth attack Engelhardt made some fine rear leaps to avoid the shower of cuts, and drawing his opponent on, he followed a circle feint with a slash in high tierce, which went home, but he received a vigorous cut in high carte at the same time—a time cut, which did not count for either side.

Nine attacks were fought, and honors were about even at the end, Mr. Engelhardt expressing himself as highly pleased to have met so good and expert a swordsman, and said that he will gladly consent to a public assault at arms between his opponent and Jaguarine, feeling sure that they will make the best showing of skill that she has ever been able to make in this country. The party in question was formerly an officer in the Imperial Cavalry of Austria, and a noted swordsman and horseman. Jaguarine is due to arrive here with her horses and dogs tomorrow, when the final arrangements for a match will be completed.

POLICE COURT CRANKS.

A Queer Gang of Male and Female Sinners.

Justice Stanton yesterday presided over the immediate destiny of several drunks and petty thieves. Mary Jane Ward, the only female "ho-bo" (tramp) in Los Angeles, who was released from the County Jail last Wednesday after serving the county 90 days, was up before His Honor. She was tuncleanly dressed, and her loose gray hair, tied in a knot with a handkerchief, was a sad sight to see. The charge against her was habitual drunkenness.

"Are you guilty, Mary Jane?" questioned the Justice in a despairing voice. No answer came from the dried and now parched lips; no liquor had passed through them for hours previous. With her eyes turned toward the Court she awaited his sentence. "Mary, I'll let you off easy this time as you have just come out of jail. I'll give you another show. You are sentenced to pay $5 fine or be confined in the County Jail five days." The bailiff escorted her downstairs to the prison.

The next case was that of a decrepit old veteran of the war named John B. Clancy. Whisky had got the better of him, and he came to plead to a charge of drunkenness. "Are you guilty, Mr. Clancy?" asked the Court. Clancy jumped up and out of an inside pocket he brought forth the documents that were to save him from prison. They were discharge papers from the army and an application for the Soldiers' Home. Clancy explained that he would have to go before a notary public to swear to the truth of the contents of the application. "I'll fine you $5 or five days in jail." Clancy dropped into his seat, "but I will suspend sentence to allow you to enter the Soldiers' Home."

G. W. Reed was arraigned for an old drunk. The Court dealt very leniently with him, considering the seriousness of the case, which included disturbance. He was fined $90 or 90 days in jail, but at the end of 15 days sentence would be suspended, and if he should again be brought up he would have to serve out the balance of 75

THE BACK COUNTRY.

THE PROPOSED NEW RAILROAD THROUGH THE MOUNTAINS.

What the Committee on Commerce of the Chamber of Commerce Is Doing—Letters and Reports—Some Important Points—The Cost of the Proposed Road.

At a meeting of the Committee of Commerce of the Chamber of Commerce yesterday afternoon some important matters were disposed of. The following letters and reports were read. The first letter is from C. F. Smurr of the Southern Pacific Company, and reads:

Dear Sir: Referring to the joint interview with your good self and Mr. Taylor, a few days ago, relative to rates from Liverpool to Los Angeles or San Francisco, since then I have conversed with General Freight Agent Gray on the subject of these west-bound European rates. We do not seem to be able to harmonize with the impression Mr. Taylor has received regarding the tariff referred to. The best rate we know of on dry goods from Liverpool to San Francisco or Los Angeles is 100 shillings. Inclosed find two copies each of current Liverpool tariffs and Havre tariffs.

As far as the Southern Pacific Company is concerned, you can rely on this; that we are prepared to join in the same rates on Los Angeles business as we do on San Francisco business, and will use our best endeavors with the Harrison line to bring about as favorable rates for Los Angeles business as for San Francisco business.

Will you kindly have Mr. Taylor provide us with some detailed information—that is, names of the parties with whom he discussed the matter of dry-goods rates to San Francisco and Los Angeles, and who gave him 75-shilling quotations to San Francisco, and 400 shillings to Los Angeles? We will, on receipt of this information, take the matter up with the steamship line, and try to straighten it out, and have it so understood that in future there will be no question as to what rates are proper to be applied on either point. Yours truly,

C. F. SMURR,
Asst. Gen. Pass. and Freight Agent.

The following is the report of the committee on the feasibility of building a railroad through the Sierra Madre Mountains:

Gentlemen: Your Committee on Commerce herewith submit to you information received as to the feasibility of making a railroad through the Sierra Madre Mountains, north of Los Angeles city. The reported gr de to Cajon Pass is 158 feet to the mile in grade, while the proposed route through the Arroyo Seco is only 130 feet to the mile at the heaviest grade, with much shorter distance. In case the local authorities of Los Angeles and Pasadena would subsidize a company to construct this line, your committee believes that at least three main systems of transcontinental lines would build to a connection with this 97 miles of railroad, and that such 97 miles of road would, for its stockholders, be a paying investment, and of immense advantage to the city of Los Angeles. We herewith submit communications received from Mr. Fred Eaton and Thomas J. Rusk, C.E., the latter of which, accompanied by a general map, is specially worthy of study. Your committee urge as the most important work to be done for this city that a local company be organized to build a competing line to the Pacific Ocean near Wilmington, and establish depot grounds at Los Angeles for general terminal facilities for use at reasonable rental in common by any and all railroads hereafter reaching Los Angeles city. Respectfully submitted,

M. L. WICKS,
D. MCFARLAND,
Committee of Commerce.
LOS ANGELES, March 27.

M. L. Wicks, Esq.—DEAR SIR: Your favor of the 25th inst. came to hand this date. I have never explored the Sierra Madre Mountains sufficiently to give an opinion as to the most feasible railroad route between the points you mention; but I have looked into the Arroyo Seco route, and am assured by Mr. Rusk, who went over the ground carefully, that it is practicable to build a road by way of the Arroyo Seco, Tejunga, Aliso Cañon, and reaching the desert near the mouth of Little Rock creek. A tunnel between the Arroyo Seco and Tejunga will be required, and possibly one at the divide between Tejunga and Aliso Cañon. Mr. Rusk's estimate of the former was 400 feet, and of the latter 1600 feet. The maximum estimate grade was 130 feet per mile. The route is the most direct approach from the Northwest, though I am satisfied it will prove more expensive to construct over than either the Soledad or Cajon. Pasadena is more interested in getting a road by way of this route than Los Angeles is, and would subsidize any road that would build that way. Mr. Crank can possibly give you some information about the San Gabriel route. Yours truly,

FRED EATON.

LOS ANGELES, April 1, 1889.

M. L. Wicks, Esq., Los Angeles: DEAR SIR: Referring to your favor of the 25th inst., with regard to information as to the feasibility of constructing a railroad through the Sierra Madre Mountains from Los Angeles to the Mojave Desert, between Cajon Pass and Soledad Cañon, it affords me great pleasure in giving you all the information I have on this subject.

Having made careful examination in person of all the mountain passes and cañons between the San Gabriel Valley and the Mojave Desert, and from Cajon Pass to the Soledad Cañon, in order to find a route for a transcontinental road which can be advantageously operated in competition with existing roads, and a short line to the gold, sliver, iron and coal fields of Nevada, which would insure cheap transportation of raw material necessary for a manufacturing town, which Los Angeles undoubtedly will be in the near future, and assuming that for any kind of manufacturing establishment cheap fuel is the most important factor, and being assured that it can be imported and sold for about half the present price, it can readily be understood what beneficial effects this new and short line will have upon the creation of new manufactories of all kinds. The chief requisites in selecting any important railroad line is a thorough understanding of the economic questions as to what a railroad should be from a business point of view, and the relative importance of commercial excellence. Having had in view these cardinal principles, which alone should govern and control enterprises of this nature, I made an examination of the different routes, and can unhesitatingly recommend the one as hereafter described.

Between Los Angeles and Pasadena a good route can be obtained without difficulty, as the topographical features of the country permits of a good alignment and easy grades and curvatures, while between Pasadena and the Mojave Desert difficulties of a more serious character were encountered which could only be overcome by a thorough examination of the San Gabriel River Cañon, Rio Seco Cañon, the Tejunga Valley, the Big and Little Rock Creek cañons and the Aliso Cañon. The most feasible route seems to be from Pasadena to La Cañada; thence along the western slopes of Arroyo Seco Cañon to the headwaters of the north fork of the same; thence up the Tejunga Valley; thence up the north fork of the same to the divide between this and Aliso Cañon; thence along the eastern slopes of said cañon to the foothills south of Mojave Desert, where the line would cross Little Rock Creek; thence in a nearly straight line to Harper Station on the Atlantic and Pacific Railroad, and there to connect with a road to be built from Millford, on the Utah Central Railroad.

A railroad built by this route will compare favorably with the existing roads as to grades, curvature and length, and will in no place be exposed to washouts, nor will it require expensive bridges.

The estimated cost of the projected road, 47 miles, with depots, machine shops, roundhouses and a complete equipment of rolling stock for passenger and freight traffic, is $3,500,000.

Pullman Passengers.

Following is a list of Pullman passengers who left for the north by the San Francisco trains yesterday: T. E. Howard, R. S. Prentice, Mrs. H. McLellan, J. E. W. Green, Mrs. E. T. Brown, L. J. Rose, G. W. Whipple, R. D. Warner, K. Kohn, T. S. Boughton, R. Anderson, Miss Connett, J. W. Campbell, R. Tobin, A. C. Monohan, Miss Cobran, James Pauley, W. Y. Man, Mrs. G. Dorn, Maj. Hill, A. G. Robbins, L. D. Bell, W. H. Murphy, William Mills, Maj. Van Arman, Y. L. Robinson, M. Wilch, Mrs. Nichol, H. F. Brown, F. J. Lincoln, D. Harris.

Caught in the Act.

Yesterday morning about 5:30 o'clock Officer Miller noticed a man acting queerly about Charley Youngsworth's saloon, at the corner of Temple and New High streets. He watched the fellow, and in a few minutes he broke in, when the officer nailed him and brought him to the station. He gave the name of Mike Daly, and was locked up, charged with burglary. It is a straight case, and Michael will probably take an excursion to San Quentin at the State's expense.

He Will Get a Jury Trial.

C. F. Gommel was up for sentence yesterday in Judge McKinley's court. A motion by his attorney for a new trial was denied, and on application of Hugh J. Crawford, Esq., the Court ordered Gommel to be tried before a jury on Saturday, May 4th, at 10 a.m., as to his sanity. Further proceedings were suspended, and 30 days' time was given to file bill of exceptions.

Some Observations' Pointed at Mr. Councilman Shafer.

LOS ANGELES, April 18.

To Councilman Shafer: Will you answer a few pertinent questions?

I want to know, Is it not a fact that you called at my home previous to the appointment of J. F. Burns for Chief of Police, and that you pleaded and entreated me by all that was good and clean not to vote for Burns because, as you said, he was a bad man, a gambler, saloon man, etc.; that he would side with gamblers and saloon people, and that he would bring disgrace upon us; that he was, in fact, right then interested in a saloon and gambling house?

You were emphatic then that you wanted a good, clean government that would suppress gambling and regulate saloons, etc.

Now, Shafer, is it not a fact that I have tried during my short term as a Police Commissioner to give you, and the good people whom you so feebly represent, just such a government concerning faro games, saloons, etc., as you said you wanted and must have? Now, I defy you to deny this. Then why did you take such an active part in the low-minded procedure which removed me from the office of commissioner? You were either dishonest, Shafer, when you came into the privacy of my home and made your assertions, or you are or were dishonest to your people when you, together with the six other *honorable* gentlemen, entered into a star-chamber conspiracy or combination to cast a slur upon one who has only tried to do his full duty toward securin gan honest, clean government. Answer, Shafer, why you did it.

Did you do it in the interest of gamblers and boodle, or did you allow your poor weak nature to be wheedled into something that no honorable gentleman would stoop to do? Shafer, if you have a particle of manhood left, show it. W. C. FURREY.

A SERIOUS BLUNDER.

A Lady Nearly Prostrated by a Patent Medicine.

A lady well-known in the Western Addition has been a great sufferer for years with indigestion and dyspepsia. Struck with the testimonials praising Joy's Vegetable Sarsaparilla, she sent for a bottle. The druggist, not having it, talked them into taking another sarsaparilla. As the leading sarsaparillas use mineral blood purifiers, the effect of the emptying of iodide of potash into a stomach already distressingly delicate was disastrous, almost prostrating her before the mistake was rectified. She then called upon Mrs. Fowler, of 327 Ellis street, whose name was among those cured by Joy's Vegetable Sarsaparilla. Mrs. Fowler said it was true that it had cured her. Again reassured, the vegetable compound was sent for and gotten. The gentle action of its vegetable stimulants upon the liver, kidneys and digestive organs, and its warm stomach tonics, were the very things needed, and she began improving and was her old self within a fortnight. This sounds like fiction, but the names can be given if necessary.—*San Francisco Examiner.*

Sewing Machine.

OUR PREMIUM
HIGH-ARM
SEWING-MACHINE!

TESTIMONIALS:

The following are letters received by the Times-Mirror Company from subscribers who have purchased the Premium Sewing-machine through us:

"GIVING PERFECT SATISFACTION."

J. W. Ross, Pasadena, writes: The Times-Mirror Sewing-machine is giving perfect satisfaction; in my opinion it is as good as any $65 machine. I have not done any heavy work on it yet, but I think it will do it all right.

"HIGHLY PLEASED WITH IT."

Mrs. Edwin Brown, Los Angeles: In reply to yours of 20th would state that I am highly pleased with the Premium Sewing-machine I received with the MIRROR. Gives every satisfaction; so easy to learn how to manage; does such excellent work; in fact cannot praise it too much, and would not take twice the amount it cost me.

"THE MORE WE USE IT THE BETTER WE LIKE IT."

Mrs. S. A. Ware, Pasadena: I have used your sewing-machine since last June. The more we use it the better we like it. On fine and heavy work it is splendid. We have tried the attachment. In fact it goes ahead of any advertisement so far.

"LIKE IT BETTER THAN THE $125 ONE."

Joseph Wilcox, Los Angeles: The machine gives entire satisfaction. My wife likes it better than the $125 Singer that it has replaced.

"GIVES GOOD SATISFACTION."

S. W. True, East Los Angeles: We have the High-Arm Machine and use it for light family sewing. It gives good satisfaction.

"RUNS SMOOTH—AND SEWS BUTTON-HOLES WITHOUT BUTTONS."

William P. Wade, Los Angeles: The wife of the chief engineer of the sewing department of my domestic establishment is to the effect that the sewing-machine lately furnished by you for $32 arrived in good order and in due time, and has given entire satisfaction. It runs lightly and with very little noise and performs to perfection all kinds of sewing work with the exception of buttonholes. [When the freight is paid to Los Angeles by the Times-Mirror Company the price is $32.50.]

"TRIED 'EM ALL AND LIKES THIS MIRROR-HIGH-ARM BEST."

William L. Price, 218 Temple street, Los Angeles: My wife tried several $65 machines, and chose the Mirror Premium Sewing-machine as an equal to the best in the market, *for one-fourth of the money.* It is perfect in all particulars, and admired by all who see it. My wife has been using it several months, and we both cheerfully recommend it to the public as represented.

"MAKES IN WORKMANSHIP AND APPEARANCE ALL THE HIGH-PRICED ARTICLES."

C. E. Spencer, Los Angeles: Having sold hundreds of the Remington Sewing-machines for $35, which you are now offering with the WEEKLY MIRROR at $32, [$25.50 when freight is paid to Los Angeles], I wish to say that the machine you offer is identically the same as the high-priced article, both as to material, workmanship and capacity. Being a resident here and an experienced sewing-machine man, I will take pleasure in instructing any one in working the machine, in this place or vicinity.

"IS THOROUGHLY WITH IT."

Mrs. J. W. Springfield, Pomona: The High-arm Mirror Sewing-machine came in good time, in excellent condition, without scratch or blemish, and I am delighted with it. We believe the machine is all that you recommend it to be, and think it a rare opportunity for those who may want a machine to get a first-class one cheap.

"PERFECT IN EVERY RESPECT."

Mrs. R. C. Cranston, Norwalk: The High-arm Premium Machine arrived in prime condition, and is perfect in every respect. Freight $2.50, with first cost added, making $32.50 for as good a machine as is usually sold through agents for $75. Well pleased. [$25.50 when freight is paid to Los Angeles.]

"VERY MUCH PLEASED WITH IT."

Mrs. Martha Allison, Downey: I am very much pleased with my machine as far as I have used it, and feel safe in saying that I have just as good a machine as if I had given $65 for it. Shall advise any of my friends to try this before buying any other, as I think it is fully as good as represented.

"RUNS LIGHT AND EASY—DOES THE WORK WELL."

S. M. Shaw, Pasadena: I can say in regard to the machine that it is well liked. It runs light and easy, and does its work well. It is a very cheap machine at the price you furnish it.

"EQUAL TO THE BEST SHE EVER USED."

William T. Parcel, Compton: The High-arm Sewing-machine ordered from your company was received in good order, and Mrs. Parcel says it is equal to the best of any other kind she has ever used.

"PROVES SATISFACTORY."

W. F. Beadley, San Gabriel: The sewing machine we received through your office proves satisfactory.

"WIFE THINKS IT THE BEST SHE EVER USED."

J. W. McLellan, Tustin City: We received Premium Sewing-machine through your office, and my wife thinks it the best she ever used; consequently are well pleased.

"SUPERIOR IN SOME RESPECTS TO THE $65."

S. A. Mattison, Los Angeles: My wife and daughter are well pleased with your Times-M

Phœnix, Ariz.—Cotton Bros.

THERE is a good deal of the semi-tropical about the weather just now.

NEW YORK has very great expectations of the coming celebration on the 29th inst.

WALT WHITMAN, "the good, gray poet," is becoming very feeble and his life cannot be much prolonged. And now the question is, will his poetry live after him?

HON. FRANK W. PALMER, formerly member of Congress from the Des Moines district of Iowa, and later postmaster of Chicago and editor of the Inter Ocean, is now mentioned as a possible Public Printer.

THE Oklahoma Capital is the first Oklahoma paper to make its appearance. It will be issued at Winfield until the 22d, and will then move to Guthrie, I. T., which it claims is the future great of that country.

PRIVATE SECRETARY HALFORD says that the White House official correspondence amounts to from 500 to 700 letters a day, and several times recently has almost reached 1000, and that all of them are answered.

BOSTON capitalists are said to believe that Denison, Tex., is the coming city of the Southwest. Boston capitalists can believe what they please, but we know that Los Angeles is the "coming city of the Southwest."

IT has been impossible for two weeks back to engage any rooms at the large hotels in New York for the weeks of the centennial. Thousands of applications for accommodations for that week from all parts of the country have been refused.

MAJ. FURREY, in a communication published in another column, directs a series of very pungent and pertinent inquiries at Councilman Shafer, which the average citizen would consider worthy of prompt and full replies on the part of that gentleman.

A MAN committed suicide in Central Park, New York, a few days ago, and left a farewell letter concluding as follows:

"I am tired of living. I have made application for work, but was refused because I did not belong to the Knights of Labor, who are wholly responsible for this act of mine."

THE idea prevails among many politicians at Washington that the Berlin Mission is to be offered to Gov. Foraker, though it is known that his friends are making no movement whatever to secure the honor for him. The President is said to have intimated that he would prefer an Ohio man for the place, other things being equal, and it is generally agreed that Foraker would fill the bill.

THE Supreme Court of the United States has rejected the claim of Gen. Adam Badeau, who wanted pay as an army officer during the period when he was Consul-General at London, and also at Ravenna. The Supreme Court holds that Gen. Badeau, while drawing a salary as Consul-General, was expressly inhibited from receiving any additional compensation for discharging the duties of any other office.

NOTWITHSTANDING frequent denials, it seems to be more than probable that some important changes may shortly take place in the control of the Atchison, Topeka and Santa Fé Company. A San Francisco paper says:

The approaching annual meeting of the Santa Fé Company in Boston is regarded with considerable interest by local railroad men. There are those who think there is more truth than fiction in the recently-published reports of the effort of Jay Gould and Mr. Huntington to secure a controlling interest in Santa Fé stock. The approaching meeting will show precisely what truth there is in the report. Mr. Huntington has declared emphatically that he has made no attempt to buy Santa Fé, but shrewd railroad managers think that he and Mr. Gould have a clear understanding in regard to the matter. Recent dispatches from New York and Boston rather serve to confirm this, otherwise, the views here expressed by those of this section will trust that no changes be made, the control may be kept at

THE PRESIDENT AND SENATORS.

A distinguished Republican statesman, who is in a position to "speak by the card," writes to THE TIMES as follows upon a subject that has always been, and probably always will be, a bone of contention in this country—the subject of the true relations of the President and Senators in the matter of appointments to office:

THE HERALD ON APPOINTMENTS.

LOS ANGELES, April 18.—[To the Editor of THE TIMES.] The New York Herald has the following:

"We hope the President, without seeking a quarrel with the Senate, will stand by his own constitutional duty and right. To help him in that course he would do well to refuse to hear Senators, Representatives, or any one else on patronage business, but require all applications for office to be made in writing, with all the recommendations and indorsements, Senatorial and otherwise."

An expression of astonishment is in order when such a paper as the New York Herald shows in its editorials a gross want of comprehension of the Constitution of the United States, and the more, when in such editorials, allusion is made directly to the Constitution. The Herald's advice is that the President should refuse to hear Senators in referdnce to matters of appointments to office, whereas, in fact, the constitution provides in plain terms that appointments shall be made "by and with the advice and consent of the Senate." It is thus made the duty of the President to advise with the Senate in such matters, and the Senate is as much a part of the appointing power, under the Constitution, as the President himself. It would be manifestly absurd for Senators to join in a petition or recommendation to the President to appoint a person to office, when the appointment depended as much upon the will of Senators as of the President. There would be more propriety in addressing a memorial for office to the President and Senate. Even Cabinet officers are without authority in the matter of appointments, except in the cases of a few subordinates in their several departments. The Cabinet Ministers themselves are only appointed "by and with the advice and consent of the Senate."

This division of the authority to fill all the principal offices under the Government between the President and the Senate was intended to forestall the possible exercise of despotic power on the part of the Chief Magistrate, and in a few instances in our history the wisdom of the provision has been manifest.

The greatest enemy of popular government is the step-by-step encroachment of power upon the rights of the people, and this led to the ever-to-be-remembered saying of Thomas Jefferson, that "eternal vigilance is the price of liberty."

The necessity for such vigilance can hardly be questioned when influential journals like the Herald of New York boldly recommend a disregard by the President of the United States of a plain Constitutional right of a coördinate branch of the Government. The people will do well to adhere to the landmarks set for the Republic by our forefathers.

The Constitutional provisions for the organization and operation of this great Government are not to be lightly brushed to one side, even by such high authority as a leading New York journal. C.

It strikes us that there is a serious misapprehension of the true meaning of the Constitution implied in our correspondent's view of the case. That *the Senate*, sitting in its organized official capacity, has the right and the power, under the Constitution, to take part in Presidential appointments to office, there can be no doubt; the fundamental law is clear and explicit on that point. But that individual Senators must necessarily be consulted by the President before making his nominations, and their previous consent secured, we dispute. There is no warrant in the Constitution or the law for such a claim. The provision of the Constitution touching this matter of Presidential appointments is perfectly plain, and there is really no room for dispute about it. The clear intent and meaning of the instrument is that the President shall nominate to the Senate for its confirmation the various Federal officers whose selection is not otherwise provided for by law, and that the Senate, sitting in its official capacity as a Senate—as a coördinate branch of the executive department, we may even say—shall pass upon the President's nominations, confirming or rejecting them, as to it may seem fit. And until a confirmation is effected, the President's nomination is not a complete *appointment*—not an appointment such as is contemplated and required by the Constitution. The Senate, therefore, has all the power that can be reasonably claimed for it by the closest stickler for Senatorial prerogatives. But that power is to be exercised *by the Senate*, not by individual Senators bringing personal pressure to bear upon the executive in the incipient stages of his exercise of the nominating power, or indeed at any other stage save that alone where the President's nominations come before the Senate in executive session.

COULD THE SAMOAN DISASTER HAVE BEEN PREVENTED?

A correspondent of the San Francisco Bulletin claims that the recent disaster at Samoa calls for a strict investigation by the Government. He shows that for two days there was a constantly falling barometer, which, on the afternoon of the second day, registered 29.16, indicating the approach of a hurricane. The vessels had an abundant supply of fuel on board, and had steam up, also had been stripped of their upper spars and sails, so as to present the least resistance to the coming storm. The wind at this time had not become of great or overpowering force, but five hours later it increased to a gale. The correspondent continues:

The officers must have known that very destructive hurricanes visited the islands, that the holding ground of the anchorage was poor, that the reef afforded no protection from a gale from the north, and that the harbor was full of dangers from isolated reefs and shoals, and was too small to admit of the vessels there in it dragging their anchors without fouling one another and causing great damage, if not destruction to both vessels and crews.

The harbor of Apia is so small that with ordinary winds prevailing, a half hour's steaming (five miles) would have taken the vessels from their anchorage to a seaway beyond the reefs, and enabled them in the open sea to drift and combat with the storm with every prospect of success.

Why the Trenton and other vessels did not steam out to the open sea under these circumstances, when the barometer showed that a hurricane was approaching, demands the strictest investigation without fear or favor.

There was no "naval object lesson" to be gained, for the facts were well known that indicated that the open sea was the only safe place to meet the hurricane. All the officers and crews of the merchant vessels in the harbor left for the shore before the advent of the gale, and if any merchant steam vessels had been there they would have undoubtedly made for the open sea as the safest place.

As no naval vessels can leave port without the orders of the commanding officer on pain of dismissal from the service, the Admiral in charge of the fleet will have to assume the responsibility of the disaster which has caused the death of about fifty officers and seamen, the destruction of about two million dollars' worth of property, and the subsequent expense of transportation of the crews and possible embarrassment of our Government arising from the lack of a fleet to strengthen the position it may take in the conference in the Samoan affairs at Berlin.

A good many people have been unable to quite satisfy themselves that the terrible disaster at Samoa was entirely unavoidable. Of course, the meteorological conditions of that part of the world are peculiar, but the warning of the approaching hurricane appears to have been very timely and ample.

OKLAHOMA.

At midnight on the 21st, the Oklahoma country will be officially thrown open to settlement, and a rush such as has seldom been witnessed will then be made toward the promised land.

The land which is to be thrown open to settlers is a fraction less than 2,000,000 acres. Besides this tract, a commission has been appointed to treat with the Cherokees for the sale of 6,000,000 acres in the Oklahoma country. It is proposed to pay the Cherokees for all this land at the rate of $1.25 an acre. The only opposition comes from the cattlemen. If the Cherokee purchase is made, it is estimated that within a year there will be 150,000 people in Oklahoma. In any case, it is expected that about 50,000 people will enter Oklahoma on Monday next. The rush almost promises to rival that of 1849 to California, with this difference, that those who came to California in '49 came to "make a raise" and go back east, while those who are now waiting to enter Oklahoma go for the purpose of making homes.

Should the proposed Cherokee purchase be made, Oklahoma will, in a couple of years at the most, have more population than several of the present Territories, and will not have to wait very long to secure admission as a State. Meantime, those who have any steady occupation, or who possess homes, would show very little sense in pulling up stakes and rushing to the new country. Such pioneering is best left to active, ambitious young men, without incumbrances, who are fond of adventure and who have everything to gain and nothing to lose by a change.

TIMOTHY GUY PHELPS has been appointed Collector of Customs at San Francisco.

AMUSEMENTS.

AT THE OPERA-HOUSE.—The sale of seats for the *Little Lord* began yesterday morning, and a cheerfully long and persistent line of applicants besieged the ticket window, so that practically the success of the coming week is assured.

LOS ANGELES THEATER.—Reilly & Woods open an excellent variety show on Sunday night next. There will be some good trapeze swinging and some dainty aerial feats by the pretty feminine gymnasts that are said to be more agile and more daring than the Unger Sisters who were here a short time ago.

Pugs Coming.

Yesterday the secretary of the California Athletic Club of this city received a letter from young Mitchell, in which he states that he will not meet La Blache, the "Marine," in the ring in this city, as he was going East and would not fight until next fall. A match for a fight has been arranged to take place in the rooms of the club between Ellingsworth, of New York and the "Marine" by the middle of next May for a purse of $1500.

Jack Dempsey, the "Nonpareil," will arrive in Los Angeles next week, and remain here for a few days. Dempsey will endeavor to arrange a mill on the coast before he returns to New York.

A Wine Present.

David Pearl of this city is determined to convince some of the European wine drinkers that California wines are superior to anything grown in the country across the water. He has just forwarded a package of the San Gabriel Wine Company's best wine to His Royal Highness, the Duke Ernest the second Sachsen Coburg Gotha, at Coburg, Germany. The wine is 17 years old, and if his royal highness does not enjoy drinking it then he ought to go thirsty the rest of his natural life.

The Santa Ana Road.

Articles of association were filed yesterday of the Santa Ana Railway. It is proposed to build a railroad from Santa Ana to the ocean at Newport Beach, its length to be ten miles. The directors of the company are James McFadden, W. H. Spurgeon, M. M. Crookshank, Robert McFadden and W. M. Smart, all of Santa Ana. The capital stock is $550,000, of which $10,000 has been subscribed.

The Gamblers.

It was reported on the streets last night that the gamblers had come to some sort of an understanding, and that all the houses would open tonight. Whether this is true or not could not be ascertained, but one thing is certain, and that is that several of the places were cleaning up and apparently getting in shape for something.

Mrs. Fremont's Reception.

A reception was tendered to Mrs. Gen. Fremont yesterday afternoon, by the Stanton Relief Corps, at G.A.R. Hall on Main street. Speeches and ice-cream were the order of the day. The hall was beautifully decorated, and several hundred people paid their compliments.

A Wife-murderer Hanged.

HARTFORD (Ct.), April 18.—John H. Swift was hanged this morning for the murder of his wife in July, 1887. She was forced to leave him on account of his dissipated habits and cruelty. The murder was done because she refused to return to him. His sister made the most strenuous efforts to secure commutation of the sentence. The Legislature passed a bill providing for imprisonment for life. The Governor vetoed it. The Senate passed it over the veto, but the House failed to do so. The marriage occurred six years ago, when Swift was 19 years old.

Gagged and Robbed.

FLINT (Mich.), April 18.—Mrs. Amanda Wallitgan of Jackson was found bound and gagged on the railroad track this morning. She claims to have been robbed at the point of a revolver by unknown highwaymen and placed on the track in the condition found.

Five Men Drowned.

BAINBRIDGE (Ga.,) April 18.—At the Alabama Midland crossing of the Chattahoochie River two boats containing eight men each, capsized, drowning five of them.

HIS IDENTITY IN DOUBT.

A Chicago Suicide Said to Be Highly Connected.

CHICAGO, April 18.—[By the Associated Press.] A gentleman who has been stopping at the Hotel Richelieu since April 10th and registered as Sidney Walters suicided with morphine in his room last night.

At the inquest this morning Mrs. Walters, who came from Cleveland on receipt of a message sent from here last night, took the stand and testified that she had been married to Walters about six months. He was an Englishman and a London newspaper man of considerable prominence. She did not know whether or not he was related to John Walters, one of the proprietors of the London Times.

PITTSBURGH, April 18.—Sidney Walters, who suicided in Chicago, came here from Philadelphia. He did newspaper work, and left there two months ago. He kept the company of actresses and spent money freely. It is said he was the husband of Estelle Clayton, the actress.

Coming Odd Fellows' Anniversary.

SANTA ROSA, April 18.—Arrange ments are now complete for the celebration of the seventieth anniversary of American Odd Fellowship, which will be held in this city on Friday, April 26. A. G. Burnett of Santa Rosa has been selected as president of the day. One feature of the exercises in the evening will be the conferring of the decoration of chivalry ceremonies by Brig.-Gen. E. K. Russell, commanding the Department of the Pacific Patriarchs Militant, I.O.O.F.

An Old Homestead Burned.

FREDERICK (Md.,) April 18.—The old Carroll homestead at Knoxville burned Tuesday. The tract upon which the old mansion stood was taken up in 1727 by the father of Charles Carroll, of Carrollton, and embraced 15,000 acres.

HON. TOM RYAN'S SON.

THE MEXICAN MINISTER'S OFFSPRING IN JAIL.

A Sporting Life and What It Led To—He Robs a Couple of Sisters—Why His Father Refuses to Assist Him—A Sad Story.

The life of a sport is not a happy one, as young Fred Ryan has probably discovered within the past 24 hours. Ryan, who is about 22 years of age, is a son of Hon. Thomas Ryan of Topeka, Kan., who has held the office of Congressman from his State during some years past, and was recently appointed Minister to Mexico by President Harrison. Minister Ryan is a man of wealth, and is one of the most prominent politicians in his section of the country.

His son, on the other hand, is a wild, good-for-nothing youngster who, for some years past has done nothing but travel about from place to place, living by his wits and swindling his father's friends wherever he could. He is a dissipated youngster, and has long since parted companionship with honor.

The young fellow came to this city about a year ago, and for a few weeks he cut quite a swell.

As soon as he ran short of means he began to cast about for some of his father's friends, and in the persons of the Misses Bristol, who were conducting a real-estate office in the Californie Bank building, on the corner of Second and Fort streets.

The young ladies used to live in Topeka, and knew Ryan's father well. He went to them and told them that he had been disappointed in money matters and did not know any one in the city, "and would they be kind enough to indorse a draft on his father for $225?"

They had no doubt but that he was telling the truth, and the check was duly indorsed. Ryan checked it in the California Bank, and it was sent on to Topeka for collection.

When the matter came up before the old gentleman he flatly refused to honor the draft, and it was returned to the bank in Los Angeles.

The young ladies were compelled to make it good, and they wrote to Ryan's father and explained the whole matter. He answered to the effect that he was tired of paying his son's debts, and told them that they could take any course they saw fit.

In the interim young Ryan had disappeared and the matter was placed in the hands of the police. A warrant was issued and steps were taken to arrest him, but he succeeded in dodging the officers until late Wednesday night, when Detective Glass of the police detective force ran him down and lodged the young scamp in the city jail.

It seems that Ryan has been in San Diego, San Francisco and Portland, Or., since he committed the crime, and only returned to this city night before last. He was arrested a few hours after he reached this city, and remained in the city prison all night. He was kept away from the reporters, and his identity was not known until yesterday. Yesterday afternoon he was taken up to the County Jail, where he will remain until his trial, unless his father takes some steps to get him out of his difficulty.

The young man was doing all in his power yesterday to interest his father in the case, but up to a late hour the old gentleman had refused to respond.

When Ryan was arrested, a dispatch from his father, ordering him to return to Topeka at once and to draw on him for any sum he might need, was found on his person. It is believed by the officers that the dispatch is a forgery.

It is a sad case, and shows to what depth a wild boy can sink.

Bad News for San Francisco.

SAN FRANCISCO, April 18.—Col. Irish of the Postoffice Site Commission, in relation to a dispatch received from Washington to the effect that $800,000 had not been appropriated for the San Francisco postoffice, as has been supposed, said today that the statement was correct. Provision had been made for an appropriation, but that was all, and he believed the matter had been set back for a long time to come. The trouble is said to be due to faulty wording of the bill providing for an increase of the original appropriation to $800,000, and by which this sum was fixed as the limit, without, however, being actually appropriated.

The Northern Pacific Meeting.

NEW YORK, April 18.—Northern Pacific directors today only transacted routine business. The Executive Committee made no report on the Wisconsin Central proposition. When the report is ready a special meeting will be called.

Col. Dudley Gains a Point.

NEW YORK, April 18.—Col. Dudley's suit against the Evening Post stands, Judge Beach today denying the motion to strike out the complaint because Dudley refused to testify before a commission at Washington.

Drowned in Niagara.

NIAGARA FALLS, April 18.—J. Munday, an Italian employed on the new suspension bridge, this morning fell to the river below, and was drowned.

Assigned.

SAN FRANCISCO, April 18.—Savage & Sons, proprietors of the Empire Foundry, assigned today. Liabilities over $35,000.

SOUTHERN PROBLEM.

How the Politicians in Dixie Would Settle It.

Six Persons Drowned by a Disaster on the Mississippi.

Shocking Story of Barbarities Practiced on Shipboard.

Wreck of an Unknown Vessel on the Virginia Coast—None Survive to Tell of the Disaster.

By Telegraph to The Times.

PHILADELPHIA, April 18.—[By the Associated Press.] The Inquirer will publish tomorrow interviews which it has collected with prominent politicians of the Southern States in answer to the questions, "What is the Southern Question?" and "How should it be met to produce the greatest good to the South?" The responses nearly all evoke the same sentiment, that the race problem is the great one to be solved, and that the South should be allowed to manage her own affairs without interference. Among the most prominent gentlemen from whom replies were received are: Gov. Richardson of South Carolina, Gov. Lee of Virginia, Gov. Buckner of Kentucky, Atty.-Gen. Miller of Mississippi, and Lieut.-Gov. Mauldin of South Carolina. The tenor of their replies is contained mainly in that of Gov. Richardson, who says:

"The southern question is the race problem. Shall the African or Caucasian predominate? The solution is in the strict avoidance by the General Government of any distinctively southern policy and in leaving to the States themselves the management of their own domestic affairs."

Gov. Buckner of Kentucky protested that there is no southern question: that such unpatriotic sectional agitation, whether originating in the North or the South, should not be encouraged, and the injury resulting from such agitation would be reduced to a minimum if the people of each State would continue to attend to their own affairs and unite in supporting the General Government in its just exercise of all its legitimate powers.

Atty.-Gen. Miller of Mississippi said the contrast between negro and white governments had been so decidedly in favor of the latter that the white people are determined that there shall be no return to the former. Indeed, a military government would be preferred. When judgment, instead of passion and prejudice, shall control the southern negro, then the whole question will be solved.

Lieut.-Gov. Mauldin of South Carolina says the Federal Government can help the South by appointing to office men of character and capacity, by dealing generously in the matter of international improvement, and by refunding the cotton tax. "In other words," says he, "let the South alone."

A YEAR OF PLENTY.

The Outlook for Fruits Throughout the Country.

ST. LOUIS, April 18.—[By the Associated Press.] The Republic will print tomorrow a report giving the fruit and vegetable prospects of the whole country. The reports have all been written during the present month by the best-informed parties in their respective States. The peach crop is expected to be the largest ever grown, the peach buds being alive at this time in every State in the Union and the season being now so far advanced that the crop is assured in the West and South, and although it is too early to safely predict a full yield in the East, a good crop is expected.

The crop of apples will be much smaller than that of last year, it being an off year for the crop at many of the big shipping points.

The strawberry crop is nearly up to the average, yet much larger than that of 1888, which was the lightest in many years.

The pear crop will average light, through its great enemy, the blight.

The grape crop in the West and South has been favored with such a mild winter that but little injury has been inflicted, and nearly double the yield of last year is looked for.

The general vegetable crop, which is attracting more attention of labor and investors generally, especially throughout the Southern States, is reported fully up to the average. Florida is now the most formidable rival of all Southern States as a shipper of early fruits and vegetables, getting into every market, East and West, before any other State by several weeks. Her orange crop promises to be larger than that of last year—the heaviest on record.

California, it seems, is drying and evaporating her fruits to a much greater extent since the interstate commerce law raised the rates to distant markets, yet the almost unprecedented low prices prevailing for dried and evaporated fruits now and for months past will discourage operators, and reduce the amount of fruit so saved largely in all States.

A DANGEROUS TASK.

Fatal Accident During the Removal of Telegraph Wires.

NEW YORK, April 18.—[By the Associated Press.] Two men, Riley and Brown, taking down telegraph wires this morning, were jerked out of a window, being entangled in a rope attached to a falling pole. Both men were instantly killed.

After the removal of the bodies of the dead and departure of the ambulance the work of removing the wires went on as usual. Other gangs continued the work that was being prosecuted in Broadway yesterday, the company's gangs keeping ahead of the Mayor's men and trying to save its wires as far as possible.

Contractor Busby and Inspector Roth, who were in charge of the work in Sixth avenue, and under whose instructions Riley and Brown were working at the time of the accident occurred, were arrested and taken to Jefferson Market Police Court. Witnesses of the accident testified that the pole was heavy enough to have pulled the whole side of the house out, and that Roth had been told so by some of the men. A witness told the Judge that he would not have undertaken what Brown and Riley were asked to do for any consideration. Other evidence was given to the effect that Roth was himself holding the guy rope, and that the letting go of that rope caused the falling of the pole. Busby was discharged and Roth turned over to the Coroner's office.

DUE TO DISSIPATION.

Shocking Tragedy in a Massachusetts Farming Town.

SPRINGFIELD (Mass.), April 18.—[By the Associated Press.] West Farms, a farming hamlet, was the scene of a horrible double tragedy this morning. Joseph King, a wealthy and well-known citizen, 75 years of age, was shot and killed by Edgar King, his eldest son, and the house fired. The murderer went twenty steps from the house and then shot himself. The murder and suicide are traceable to an unbalanced mind, caused by dissipation. A letter to a friend shows the deed was premeditated, with the addition that he intended to kill two aunts also. He was prevented from the last, being unable to get into the room where they slept. The deed was committed at 2 o'clock in the morning, the murderer firing two shots into the body of his father while asleep.

ALL LOST.

Wreck of an Unknown Vessel on the Virginia Coast.

NORFOLK (Va.), April 18.—[By the Associated Press.] A vessel went ashore last night near the life-saving station, but as all on board were drowned before assistance could reach them, and the vessel went to pieces shortly after she struck the beach, it has been impossible to ascertain her name, destination or cargo.

A BRUTAL CAPTAIN.

Terrible Story of Barbarities Inflicted on Sailors.

PHILADELPHIA, April 18.—[By the Associated Press.] United States Deputy Marshals have been hunting since Monday night for Capt. Somewell, First Mate Ryan and Second Mate Robins of the ship St. Claire which arrived from Dunkirk on Monday after a 64 days' voyage. The officers are armed with warrants for the arrest of the three men, charging them with cruelty such as has seldom been reported on shipboard in recent years. The story as told by sailors to the United States Commissioner includes the murder of one seaman who was knocked from a yard by the second mate to the deck, killing him instantly, and injuries of another by a frightful beating and continued brutality and overwork during the whole voyage. On the way up the river the Captain sent the first and second mates ashore near League Island, not daring to bring them to the city for fear of arrest. He brought the vessel to the city himself and then disappeared.

SIX DROWNED.

Sinking of a Raftboat on the Mississippi.

BURLINGTON (Iowa), April 18.—[By the Associated Press.] The steam raftboat Everett on the Mississippi River was struck by a furious gale of wind near Otter Island late tonight and sunk.

Of 16 persons on board six were drowned, namely, Capt. Vincent Peel, Mrs. Harry Bell and her 3-year-old child, George Howard, a cook and a nurse girl, name unknown.

The other people were rescued with considerable difficulty, and were thoroughly exhausted from exposure. Capt. Peel leaves a large family.

FOREIGN AFFAIRS.

ANOTHER WHITE BOOK ON SAMOA ISSUED.

Bismarck Piles the Whole Blame for the Recent Unpleasantness on the Former German Consul—Notes.

By Telegraph to The Times.

BERLIN, April 18.—[By Cable and Associated Press.] A Samoan "white book" has just been issued, obviously in view of the approach of the Samoan conference.

In a dispatch to Herr Stubel, the new German Consul to Samoa, dated April 16th, Prince Bismarck censures Consul Knappe's conduct throughout the troubles in Samoa. He dwells upon the deplorable fact that with an inadequate force and without authority or likelihood of success, Consul Knappe took measures on December 17th which resulted in the death of a large number of persons and an undesirable change in the position of the planters, besides jeopardizing peace with America, while quiescence would have preserved a tolerable state of affairs. The sanction of the other treaty powers being lacking, he says, Consul Knappe's demand for control of the foreign relations of the of Samoa was of no force and compelled him (Bismarck) to notify Great Britain and America of its withdrawal.

The Chancellor concludes by declaring that Germany has nothing to do with the internal affairs of Samoa; that her mission is restricted to protecting Germans and enabling them to develop commercial interests.

Prince Bismarck has issued an order in which he defines the responsibility of commanders of warships with respect to the requests of consuls abroad. The Chancellor directs the commanders to examine for themselves the legal and political grounds for such requests unless the consul produces special authority from the German Foreign Office. As a reason for his action, Prince Bismarck refers to the recent events in Samoa, where he says an unauthorized request resulted in great loss of life and injury to German interests, and danger was thereby incurred of Germany becoming embroiled with a friendly nation, with no conclusive reasons existing for the intervention of armed forces.

FOREIGN NOTES.

The French Senate Still Camping on Boulanger's Trail.

PARIS, April 18.—[By Cable and Associated Press.] Police searched the residence of Deputy Turquet and five other members of the Boulangist party today for documents in relation to the Boulangist campaign.

The Radicals declare that Gen. Saussier has presented to the Senate Committee a list of officers willing to follow Boulanger, compiled by an officer who has since been punished.

YOSEMITE, April 18.—For the first time this season this place is connected by wire with the outside world. The weather is perfect. Roads and trails are excellent.

WASHINGTON.

Another Day of the Armes Courtmartial.

Gov. Beaver's Account of the Nose-pulling Affair.

A Railway Taken to Task by the Interstate Commission.

Timothy G. Phelps Appointed Collector Hager's Successor at San Francisco—The Public Printer Contest.

By Telegraph to The Times.

WASHINGTON, April 18.—[By the Associated Press.] In the Armes court-martial today Gen. Beaver testified that personally he had nothing to do with Armes's removal from the parade on inauguration day. Some one had suggested that Gen. Armes be appointed on the staff, and not remembering at this time, in the hurry of the moment that Gen. Armes was dead he (Beaver) had said "appoint him." When the mistake was discovered he had told Armes how it occurred and dropped his name from the list. In a letter from Armes to witness dated April 2d, Armes had requested the Governor to stop the court-martial proceedings as they would result in his dismissal and he preferred death to the loss of his commission.

He added that the Governor stood in danger of becoming his murderer. In another letter dated the day before yesterday he apologized for the Riggs House episode.

Witness told of this episode, saying he had laughingly replied to Armes that he could not apologize for his removal, and that he had then felt Armes's hand brush his face in a rude way. He had in a moment struck with his crutch at Armes. Armes's action was something in the nature of both an assault and insult. Witness took it to be an attempt to get hold of his nose, and was pretty indignant.

VIOLATED THE LAW.

A Ruling Against the Grand Trunk Railway.

WASHINGTON, April 18.—[By the Associated Press.] The Interstate Commerce Commission today promulgated a decision in the matter of the investigation into the acts and doings of the Grand Trunk Railway of Canada. The decision was prepared by Commissioner Schoonmaker. It declares that common carriers engaged in transportation of passengers or property for continuous carriage or shipment from a place in the United States to a place in an adjacent foreign country are subject to the provisions of the Interstate Commerce Act in respect to the printing of schedules of rates and strict observance of the same. Investigation has shown that the Grand Trunk Railway Company has allowed a rebate on coal shipments in favor of certain consignees in Canada, from points in the United States, and the decision declares that the reduction of charges accepted or the rebate so allowed is in violation of the Interstate Commerce Act.

WASHINGTON NOTES.

Phelps Appointed Collector of the Port of San Francisco.

WASHINGTON, April 18.—[By the Associated Press.] The President today appointed Edward S. Lacey of Michigan to be Comptroller of Currency; Timothy Guy Phelps to be Collector of Customs at San Francisco.

AMERICAN LARD TO BE WATCHED.

The United States Consul at Havre informs the State Department that from and after May 1st next, a duty of 60 cents per 100 pounds net will be levied on all importations into France of lard mixed with cottonseed oil, irrespective of the percentage of such mixture, and that all lard imported from the United States will be subject to governmental examination.

THE PUBLIC PRINTER CONTEST.

Parties watching the Public Printer fight are of the opinion that it will be settled in a day or two. Indications still point to Osborne of California for the position.

MISCELLANEOUS MATTERS.

At the session of the National Academy of Sciences today reports were heard, miscellaneous business transacted and a number of papers read.

Whitelaw Reid and D. O. Mills of New York were entertained at dinner this evening by the President and Mrs. Harrison.

Where Is the Money?

BRAINERD (Minn.), April 18.—A package containing $15,000 in gold has mysteriously disappeared from the office of the Northern Pacific Express Company in this city. Louis Hohman, night clerk, received from the train at 1:45 a.m. yesterday four sacks of specie. Two contained $5,000 each in gold and two $500 each in silver. The money was to be used in paying the employés of the road. Hohman says he carried all the specie into the vault and turned the combination. Half an hour later he discovered one of the bags missing, and at once notified his superior. Hohman is regarded as honest and faithful.

The Standard Company's New Fields.

PITTSBURGH, April 18.—A Lima (O.) special says: The remaining stockholders of the Ohio Oil Company, who did not sell out yesterday to the Standard, were today notified that, if they wished to sell, they could obtain $70 per hundred for their stock. Certified checks to the amount of $785,000 passed through one of the banks today in payment for the property. This not only gives the Standard control, but makes it owner of the territory. The Union Oil Company sold its territory to the Standard today. The price paid was $27,000.

Attempted to Wreck a Train.

GRAND RAPIDS (Mich.), April 18.—An attempt was made last night to wreck the westbound passenger train on the Chicago and West Michigan Railroad, which leaves this city at 8:10 p.m. Approaching Grandville an open switch was encountered, and the engine and all cars except the rear one ran off the track, the engine being demolished completely. No one was injured. The connection rod of the switch had been cut, and the switch moved only half way so that the train would not go onto the siding.

The Bell Company's Petition.

BOSTON, April 18.—Hearing on petition of the American Bell Telephone Company for increase of $10,000,000 in its capital stock was begun at the Statehouse this morning.

George D. Brooks, counsel for the company, stated that the new capital was wanted mainly to build the long-distance system, including double lines, from Boston to Chicago.

A Singular Suit.

BALTIMORE, April 18.—Lewis Emmer & Sons have begun suit against Fleischmann & Co. for $100,000 damages. They claim that because they refused to make a combination with Fleischmann to put up the price of yeast, the latter ruined their business by selling vinegar to Elmer & Sons' customers below cost.

Ward McAllister's Successor.

NEW YORK, April 18.—At a meeting of the Entertainment Committee of the Washington Centennial Celebration today Edmund Stanton was elected director of the ball. His duties will be practically the same as those assigned to Ward McAllister.

Tracy's Trotters Sold.

NEW YORK, April 18.—At the second and final sale of the trotting stock of Secretary Tracy the bidding was a great deal more spirited and the prices realized much larger. The total receipts were $11,905, and the average per head about $1300.

The Town of Cheney, Wash., Burned.

Los Angeles Takes the Honors at the State Medical Convention.

The International Company Now Claiming Fisheries.

Dr. Mayes Prefers Giving Testimony to Staying in the San Bernardino Jail—Other Coast News.

By Telegraph to The Times.

CHENEY (Wash.), April 18.—This town, 16 miles west of Spokane Falls, was nearly destroyed by fire today. Six blocks in the heart of the town were completely destroyed. The loss is $300,000, with but little insurance. The fire is supposed to be incendiary, but the author is unknown. The town will be rebuilt.

PORTLAND (Or.), April 18.—A very disastrous fire occurred this morning at Cheney, Wash., destroying nearly all the business portion of the town. It started in the store of J. D. Matthews. A hose was brought out, but when the pumps were set to work it was discovered that the hose had been plugged with wood. The hose burst and the fire attained such headway that the block was entirely destroyed.

The principal losses are as follows: Grocery store of J. D. Matthews and stock valued at $9500, insurance $5000; the building was owned bp J. S. Mount, loss $1600.

The fire then spread to the hardware store of J. J. White, whose loss is $3000. T. W. Wilce, a butcher, lost $1500; Hendricks's drug store, $2000 on stock and $4000 on building, neither insured; Billy Shields's saloon, $1000; loss on building owned by Reardan, $500; Reardan Hall and building, loss $1500; Hirst Hotel, owned by Mrs. Hirst, $2800, insured.

From Matthews's grocery store the fire crossed the street to Percival & Andrews's bank. They lost $3000; all the records and money were saved. A brick wall here stopped the fire in its progress west, and it then crossed First street. W. D. Switzer, drugs, lost $5000 on stock, on buildings, $1800; Russ House, owned by J. D. Matthews, $2800, and furniture, $1500, partly insured; Brown's livery stable, loss $2800 and contents $1000; Sinzer, grocer, $1500; Paul Brown, brick building, $5000, insurance $1000; Rich Bros., saloon, $1000, insurance $350.

A number of small dwellings were burned.

It is reported that Chinese had a Chinese leper in the cellar of their washhouse who was burned to death.

People will begin to build brick blocks as soon as the brick arrives. No clew can be obtained as to who was the incendiary. The total loss, as far as figures are obtainable, is $100,000. The insurance will exceed $13,250.

THE NATIVE SONS.

Fourth Day of the Grand Parlor's Session at San Rafael.

SAN RAFAEL, April 18.—[By the Associated Press.] The Grand Parlor, N.S.G.W., met this morning for its fourth day's session.

Resolutions providing that delegates to the Grand Parlor shall be elected by the respective parlors at the first meeting in March of each year, for the local celebrations of Admission day, were adopted.

It was decided by a two-thirds vote that the annual meetings of the Grand Parlor shall hereafter convene on the fourth Monday of April, instead of the third, as heretofore.

The reports of the Committee on Appeals and Grievances was received and acted upon. The proposition that applicants for membership in subordinate parlors shall bind themselves not to seek redress in libel courts for any action of the parlor, and that in all elections in subordinate parlors the roll shall be called, were carried.

A resolution defining the privileges of members holding withdrawal cards was adopted.

At the afternoon session the thanks of the Grand Parlor were extended to Mt. Tamalpais Parlor and its committees for the generous entertainment of the delegates.

The election of officers was taken up and resulted as follows: Frank D. Ryan of Sacramento, President; William H. Miller, San Francisco, Grand Vice-president; Henry Lunstedt, San Francisco, Grand Secretary; Henry S. Martin, San Francisco, Grand Treasurer; A. L. Brunnen, Sacramento, Grand Lecturer; F. P. Tuttle, Auburn, Grand Orator; Conrad Gottwalls, Inside Sentinel.

Resolutions sending greeting to the Native Daughters on the success of their organization were adopted; also one providing for the election of a historian by subordinate parlors.

The Gen. Winn Monument Committee was discharged with the thanks of the Grand Parlor.

STATE MEDICAL SOCIETY.

Dr. Mayes Sustained—Los Angeles Carries Off the Honors.

SAN FRANCISCO, April 18.—At today's session of the State Medical Society a resolution was adopted supporting Dr. Mayes, who refused to testify at San Bernardino, and to employ counsel and carry the matter to the Supreme Court, and that the society stand all expenses in the settlement of the question. A telegram was sent to Dr. Mayes, urging him to stand firm and pledging him the financial and moral support of the society.

Los Angeles was selected over San Diego as the next place for holding the convention.

Walter Lindley of Los Angeles was elected president for the ensuing year, and Dr. W. F. McNutt of San Francisco, Dr. Charlotte B. Brown of San Francisco, Dr. W. A. Briggs of San Francisco, and Miss E. K. C. Sargent, M. D., of San Francisco, were chosen vice-presidents.

YOUNG STOWAWAYS.

Three San Diego Boys Steal a Ride to 'Frisco.

SAN FRANCISCO, April 18.—[By the Associated Press.] Capt. Bonifield of the steamer Farallone, which arrived from San Diego today, delivered up three stowaways to the harbor police. They gave the names of Amzi and Monroe Hall and Daniel Whepley. The Hall boys said they were tired of working for their father and proposed to go and see their mother who lived in this city. Whepley was a friend and they agreed to bring him along. The boys were driven from their hiding places by seasickness and willingly surrendered to the Captain.

MAYES TESTIFIES.

The Insanity Expert Soon Tires of His Prison.

SAN BERNARDINO, April 18.—[By the Associated Press.] Dr. Mayes, witness in the Oakes trial as insanity expert, who was put in jail yesterday for contempt of court, was released on habeas corpus upon a technicality in the commitment papers. Mayes came into court this morning with two lawyers and again refused to answer, and Judge Campbell gave him the choice of going to jail again or answering. He concluded to give testimony, and pronounces the prisoner insane.

Costly Residence Sold.

SAN FRANCISCO, April 18.—The private residence of Mrs. E. B. Crocker, on Van Ness avenue, was sold this afternoon to W. S. Hobart of this city for a quarter of a million dollars.

RATHER HOGGISH.

The International Company Claiming Land as Well as Water.

SAN DIEGO, April 18.—[By the Associated Press.] There has been considerable trouble for some time between the International Company of Mexico and American fishing vessels, the company claiming sole control of the fisheries of Lower California, the Pacific Ocean and Gulf waters. The Mexican Consul at San Diego today made public a letter which he received from the general manager of the International Company, calling attention to the fishing concessions of the Mexican Government to the company, and the Consul has issued a proclamation warning all captains of American and other vessels that he has ordered the authorities at Ensenada to command an active crusade against them, and confiscate all vessels found fishing in the prescribed limits, and to imprison the offending captains.

MORE INTERNATIONAL TALK.

It is now said that E. S. Babcock, Jr., of Coronado Beach, and San Francisco parties have secured from the International Company a cession of all their possessions, and will recapitalize the company and carry out its contract with the Mexican Government to build railways in Lower California. It is reported that the International Company is constructing 1300 miles of telegraph connecting Ensenada, and running from there to the City of Mexico. They also bought 216 miles of wire for a telephone from Ensenada to San Quintin, Lower California, with spurs, running to the Santa Clara and Alamos mining districts.

Dwelling Burned.

SAN BERNARDINO, April 18.—Fire broke out in the house of Mr. Howe last night. The family were all asleep. The house and contents were destroyed. Loss, $1200.

BASE-BALL.

A LIVELY GAME AT SAN FRANCISCO.

The Sacramentos Win by Powerful Batting—Scores in the Games Played on the Eastern Diamond.

By Telegraph to The Times.

SAN FRANCISCO, April 18.—[By the Associated Press.] About 500 people attended the ball game this afternoon and witnessed a fairly well played game. The contest was between the Sacramento and San Franciscos, the former winning by the close score of 6 to 5.

The Sacramentos were sadly off in fielding, and by their clumsy work nearly lost the game after hitting the ball hard and often enough to have won a dozen times over. The San Franciscos played their customary pretty fielding game, and but for that their defeat would have been a crushing one.

Burke, Sacramento's big pitcher, was at his best, and kept his opponents down to three safe hits. But one man reached the initial on called balls.

Incell, who twisted for the home team, was treated to a severe drubbing, being hammered all over the field. He received excellent support. The throwing of McLaughlin and Swett to the bases and a double play between Stockwell and Donahue were features of the game.

Fresno's Big Raisin Crop.

SAN FRANCISCO, April 18.—Statistics received and computed by Secretary Wetmore of the Viticultural Association, from Fresno county, show that there are 17,500 acres of grapevines in the county, 7500 acres of which have been planted this year. Secretary Wetmore says that when all the vines are bearing the full crop yield will be at least 1,700,000 boxes.

The total crop in the State last year was 1,100,000 boxes. Three million boxes were used in the United States last year. Within five years the secretary estimates Fresno county will contribute over one-half the supply for the entire country.

An Orange Train Derailed.

SACRAMENTO, April 18.—A special train made up of 11 cars of oranges and five cars of silks and other valuable merchandise, left this city for the East at 3 o'clock this morning. It was followed four hours later by a train of five cars laden with golden fruit. When the last named train had reached a point between New Castle and Auburn a spreading of rails occurred, throwing three of the cars from the track. A wrecking train was sent for and left for the scene of the accident immediately. No inconvenience resulted beyond delay, the men on the train escaping unhurt.

Disreputable Den Burned.

SANTA ROSA, April 18.—One of the bagnios of this city was destroyed by fire early this morning. The occupants barely escaped with their lives. The general impression is that it was set on fire, a similar though unsuccessful attempt having been made twice before. The absence of wind with the energetic efforts of the fire department saved the whole block from destruction. The loss is $2000; insured.

Apologizing for a Libel.

TUCSON (Ariz.), April 18.—In the case of the Territorial special agent of the Land Office vs. M. R. Slater, who published a libel against Gen. Clark Churchill, defendant came into court, signed and filed a written retraction of all language used, and an apology to the District Attorney and Churchill. The case was dismissed.

Fitted for a Halter.

JACKSONVILLE (Fla.), April 18.—Last night Isaac Jones, a negro, broke every bone in the body of his 4-year-old child with an iron bar, and then fatally beat his wife. Jones says he has fits, and that he had one last night.

Dividend Declared.

NEW YORK, April 18.—The directors of the Oregon Improvement Company declared a quarterly dividend of 1 per cent. on common stock. The preceding quarterly dividend was at the rate of 1½ per cent.

Racers Bound East.

ALBUQUERQUE (N. M.), April 18.—Seven of Bud Doble's racehorses passed through the city today en route to Chicago. They are Anon, Johnson, Jack Knight, Rutledge and Father John, all in good form.

Reinforcements.

[New York World.]

It is an indication of the prevailing snobbery that the Melville Publishing Company has seen fit to issue a copyrighted pamphlet containing a list of the "Four Hundred," which it represents as "officially supervised." It contains the names of 617 persons, the additional 217 having doubtless presented, subsequent to the promulgation of the 400 limit, credentials which entitle them to admission to the charmed circle. These certificates are presumably stocks, bonds and titles to real estate. If anything else is necessary, the fact is not generally known.

The Hold-over Mayor Attempts to Run Things,

But Is Squelched by an Injunction from the Court.

An Armed Mob in Possession of the City Hall for a Time—Great Excitement Prevailing.

By Telegraph to The Times.

EL PASO, April 18.—[By the Associated Press.] The contested city election took a new turn today. For several days past the old Mayor, a Republican, and the old Council, composed of six Democrats and three Republicans, have been sitting as a canvassing board hearing arguments from the lawyers of the Democratic and Republican contestants.

This afternoon an adjourned meeting of the old board was held at the City Hall. The Mayor presided, and put a motion made by a Democratic member. Another motion was made by a Democratic member, when the Mayor sprang to his feet, declined to recognize him, pulled the election returns from his pocket, and announced that he proposed to have the votes counted.

A Democratic Councilman moved to adjourn. The Mayor ruled him out of order. Seeing the Mayor determined not to put the motion or recognize the Democratic Alderman, the five Democratic members left the hall, thus leaving the Council without a quorum.

In the face of no quorum, the Mayor instructed the City Clerk to take down the returns as he read them. There being no quorum, the Clerk declined to act. The Mayor then designated a clerk and had the vote counted without a quorum, and declared the Republican municipal ticket elected.

The Republican contestants were sworn in, and the usurping Mayor began swearing in special police, after appointing the old City Marshal and police force to act. He then tried to get into the city safe.

While working at the combination the Marshal sent a policeman to guard the safe. The policeman pushed the usurping Mayor back and took charge of the safe.

At this moment the policeman was covered with a double-barrel shotgun in the hands of one of the usurping party.

Five cases of Winchester rifles were procured from a German house doing business in Mexico, with a branch at El Paso, and put in the hands of the special police sworn in by the usurping Mayor, and other Republicans who had assembled. The City Hall was then in charge of an armed posse of Republicans.

The two regular city policemen made no demonstration, but had their lawyers swear out an injunction, which was granted by the district Judge, preventing the usurping Mayor from acting, and putting the City Hall in the hands of the court.

The Sheriff served the injunction and took possession of the City Hall. The armed posse at the City Hall dispersed quietly after the Sheriff's visit, and at 10 o'clock the old City Council again met with a quorum, and adjourned till tomorrow to continue the canvass.

The old mayor having refused to recognize the old Council, Councilman Johnson presided and appointed a large force of special police to act with the City Marshal. The man whom the usurping Mayor appointed captain of the special police is not a resident of Texas.

Great indignation is expressed at the armed mob in the City Hall and attempt of the old Mayor to act without a quorum of the Council.

Cars Again Running.

ST. PAUL, April 18.—Cars were started on the West Seventh street line this morning, guarded by police. Crowds hooted and jeered and one man threw a bunch of crackers under the feet of the horses. No serious trouble is anticipated.

MINNEAPOLIS, April 18.—Street cars are running on several lines. Several small fracases occurred till rain dispersed the crowds.

Invalid Mining Claim Location.

SAN FRANCISCO, April 18.—The Supreme Court holds in the case of White vs. Lee that the location of a mining claim is incomplete and therefore void when the location is not distinctly marked on the ground, so that its boundaries can be readily traced, notwithstanding posting and recording of notice of location.

Buried in a Mine.

READING (Pa.), April 18.—At Farmington today a mine, the shaft of which is 25 feet deep, caved in. Eighteen men were in the mine, and a dozen of them were partially covered with the falling mass. All succeeded in crawling out without sustaining serious injury except one, who was crushed to death.

Cheap Land -:- Good Land.
Dr. E. T. Barber of Lancaster, Antelope Valley, Los Angeles county, Cal., offers 30,000 acres of land for sale, in tracts of 20 acres and upward, at $5 to $0 per acre, with liberal terms and title guaranteed.
This valley has raised the premium wheat of the world; sugar beets at the rate of 213 tons to the acre; barley hay, three tons; eight crops of alfalfa in one year; parsnips seven inches in diameter, and is competent to compete with Spain for raisins, and France for champagne.
All this land offered can be covered with mountain water, and has good surface and artesian water, and much of it has a subsoil irrigation.
The railroad facilities are good: the Southern Pacific Railroad now crosses it, and three other great railroads are expected to do so in the near future.
Climate good—no cyclones, blizzards, fogs or malaria.
Antelope Valley is the hope of the poor, a boon to men of moderate means, and a bonanza to keen-sighted business men.

PASADENA NEWS.

THE CANNERY PROJECT BOOMING ALONG.

Impromptu Meeting of the Board of Trade—A New Sensation—Railroad Rumblings—Personal Mention, Etc.

PASADENA, April 18.—[Correspondence of THE TIMES.] The Board of Trade met this afternoon in special session for a further consideration of the cannery project. In the absence of W. U. Masters, president of the board, W. W. Webster was called to the chair.

Judge H. W. Magee was the first gentleman on the floor. He again read the articles of incorporation for the benefit of those present who had not previously heard them. Among other things Mr. Magee explained that the company could, in its discretion, act as commission merchants.

Mr. Williams, who represents the Santa Paula Canning Company, said that his company bought all the fruit the stockholders offered at a cent a pound, but any fruit which was below a certain standard had a certain percentage of its weight deducted. They also bought fruit from those who were not stockholders at such price as it was worth.

Mr. Wallace inclined to the opinion that this would tend to the purchase of inferior fruit from stockholders, to the possible exclusion of better fruit from outsiders, but he was informed that the purchasing of fruit was a simple business proposition which was left to the management.

The discussion was quite lengthy, and resulted in several amendments to the articles of incorporation.

George F. Kereghan remarked that if there was anything that would stimulate fruit raising it was a good price for fruit. No dissenting voice was heard to this proposition.

C. C. Thompson was of the opinion that a premium should be placed on first-class fruit, and that poor fruit should be treated harshly.

Hon. H. W. Ogden said that in his opinion a canning company would not prove a success unless its object was to make money for the stockholders.

J. W. Wood was of the opinion that the affairs of the company should be conducted in the same manner as those of any other corporation, viz—in a business-like manner.

After considerable more discussion, the meeting adjourned.

TWO IN ONE.

The Union last evening prints the following, which will best be appreciated by those who can understand it:

"Mr. W. L. Vail, the King of the Cowboys, is rejoicing over the addition to his family of a 12-pound boy.—[Herald.

Why don't you get up early and see the glorious sunrise—and then go back to bed again? It will pay you—(to go back to bed.")

NOT WISELY BUT TOO WELL.

The Union this evening is responsible for the following: A few days ago a lady in this city, whose name is withheld for the present, went to Los Angeles and met a man who called himself Grove. She was so much impressed with Mr. Grove that she married him the next day. In return for this loving confidence on the part of the new Mrs. Grove he sold all her valuables next day and "lit out" for parts unknown, and the "blushing bride" was at the City Hall this morning anxiously inquiring about property which Mr. Grove told her he owned in this city, but as far as could be discovered he did not now and never had owned a foot of land in Pasadena.

ABOUT TOWN.

There is again considerable inquiry by letter for real estate in this city.

The work of improvement in the postoffice will probably be concluded tomorrow.

Numerous subscriptions to the cannery stock are being secured. A special meeting will be held by the Board of Trade this afternoon to more fully consider the cannery project.

The brick building on Main street, purchased from the Exchange Block Company for the use of the fire department, is considered a good and sensible purchase. It is centrally located.

Marengo avenue is to be graded between California and Glenarm streets. The work will be done by the city.

Tillie Fraser and Jason Wilson, a lady and gentleman of color, were arrested this morning on suspicion of having purloined $60 from one Charles Thompson, also colored. They will have a hearing Saturday morning.

The "Yankees" picnic at Arroyo Park on Saturday.

Elaborate preparations are being made in the Universalist and Episcopal churches for Easter services.

Rev. E. L. Conger married George Holladay and Minnie Ballard of Los Angeles at his residence on the 16th inst.

The revival services at the First Baptist Church under the direction of Dr. Kennard are creating considerable interest.

On Thursday evening of next week the ladies of All Saints' Church will hold a fair in the apartment formerly used as a dining-room in the Carlton Hotel.

PERSONAL.

A. B. Manahan has gone to San Francisco to consult with A. N. Towne of the Southern Pacific. On his return, some newsy developments in railroad matters are looked for. The general belief that the Southern Pacific will enter Pasadena via the Altadena track is strengthened by this visit of Mr. Manahan to San Francisco.

J. Ellis, who has for a long time been confined to his bed by a complication of diseases, is again walking about.

John W. Jones, the correspondent of the LOS ANGELES TIMES, is rusticating in the mountains.

Charles Rose, formerly with the Pasadena Manufacturing Company, leaves for the North tomorrow via steamer. He was entertained by a number of admiring friends, both ladies and gentlemen, at Wilson Canon today, it being the occasion of his birthday.

Summons.

IN THE JUSTICE'S COURT OF Los Angeles city, in the county of Los Angeles, State of California. W. C. Lockwood, City Justice. W. H. Holmes, plaintiff, vs. C. E. Appenyi, defendant.

The people of the State of California send greeting to C. E. Appenyi, defendant: You are hereby required to appear in action brought against you by the above-named plaintiff in the Justice's Court of Los Angeles city, county of Los Angeles, State of California, and to answer before the Justice, at his office in the said city, the complaint filed therein within five days (exclusive of the day of service), after the service on you of this summons, if served within the township in which this action is brought; or, if served out of said township, but in said county, within ten days; or, within twenty days, if served elsewhere.

The said action is brought to recover of you the sum of $204.23, due upon an assigned claim for goods, wares and merchandise, sold and delivered to you by one E. Loon & Sons, and costs of such, all of which will more fully appear from plaintiff's complaint, filed in this court, a copy of which is served herewith and made a part of this summons. And you are hereby notified that if you fail to appear and answer said complaint, as above required, said plaintiff will take judgment against you for the sum of $204.23, together with costs of suit.

Make legal service and due return hereof.

Given under my hand (seal) this 26th day of March, 1889. W. C. LOCKWOOD, Justice of the Peace for the city of Los Angeles, in said county and State.

The Times Annual Trade Number.

The Times. The Times.

Now Ready, and for sale by Carriers, Newsboys, News Agents, and at the Counter.

ANNUAL TRADE NUMBER,

—CONTAINING—

A COMPLETE REVIEW OF THE YEAR.

Fifty-six Large Pages. Equivalent to a Two Hundred Page Book.

The Annual Trade Number of THE TIMES, now ready, is the most complete and interesting publication of that character ever published in Los Angeles.

NOTABLE FEATURES—It contains a business review of the year, embracing a great mass of valuable facts bearing on the city and county; a thorough exposition of our natural resources—mineral, vegetable, commercial and climatic; a review of the rise and progress of the boom, with solid proofs that the country is now in better condition than it was during the height of the real-est

BUSINESS.

Money, Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, April 18.—Money on call easy at 2@3 per cent.

Prime mercantile paper, 4½@6.

Sterling exchange, dull but steady at 4.86¾ for 60-day bills; 4.88¾ for demand.

Government bonds, dull but strong.

American cotton-seed oil, 56¾.

NEW YORK, April 18.—There was no disposition to enter into new contracts, and most of the traders closed out their old ones, which served to make business for the day up to the average of late. The opening figures were from ⅛ to ¼ per cent. higher than yesterday's close. The close was dull and firm, generally at about the best prices reached.

Premium Sewing Machine.

A High-grade Sewing Machine

AT MANUFACTURERS' PRICES.

THE "MIRROR" PREMIUM

High-Arm

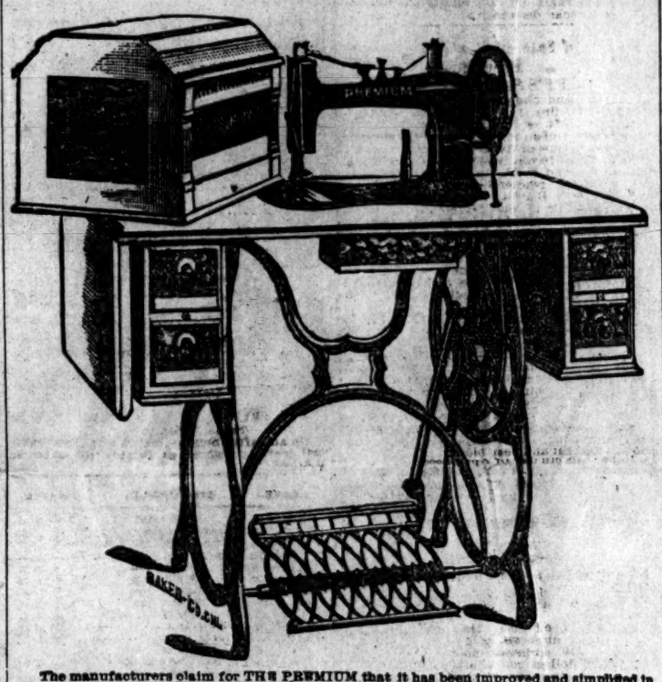
SEWING MACHINE!

Half Cabinet, Five Drawer, $60 Machine,

—FOR—

$25.50 =:= $25.50

With Copy of the WEEKLY MIRROR One Year.



The manufacturers claim for THE PREMIUM that it has been improved and simplified in all its details by the best mechanical talent in America, who, with unlimited resources at their command, have combined only that which is practicable and dispensed with all complicated surroundings generally found in other machines.

It is the simplest machine, having the fewest parts, all strong, and with case-hardened bearings. Being free from complication it is easily cared for, never gets out of order, and is always ready for use. The most inexperienced can readily manage it. It has all the modern appliances and conveniences that go to make up the sum of excellences, successfully combining simplicity, durability, speed, strength and beauty, producing a machine unequaled for ease of management and capacity for wide range of work.

THE PREMIUM HIGH-ARM

is light-running and noiseless, uses A STRAIGHT, SELF-SETTING NEEDLE, and makes the double-thread "Lock Stitch." It is the perfection of mechanism for hemming, felling, binding, cording, braiding, seaming, tucking, ruffling, gathering, embroidering, hemstitching, quilting, etc.

It is adapted to every variety of sewing, from the lightest muslins to the heaviest cloths and will do a greater range of work than any other machine.

The woodwork is unique and attractive in style and substantially made from well seasoned and carefully selected material. Its elegant finish and rich trimmings are in good taste, and harmonize with the excellent workmanship of the machine.

For more handsome and ornamental than the ordinary style of woodwork, it is at the same time of equal durability, utility and good finish.

WARRANTEE—The usual five-year warrantee is given to us by the manufacturers, and we in turn guarantee every machine to give full and entire satisfaction.

NO RISK WHATEVER.

So great is our confidence and knowledge of the superiority of the PREMIUM HIGH-ARM that we further agree with every purchaser to REFUND THE MONEY in case full satisfaction is not given by the machine in every particular after a month's trial.

Tailors, Dressmakers, Seamstresses, manufacturers of clothing, shirts, skirts, corsets, umbrellas, etc., will find one of its best recommendations is its special adaptation to their wants and range of work.

The Automatic Tension,

When once properly regulated, will rarely need to be changed, and as a general rule, the whole range of family sewing can be done without any change of tension whatever. This result is obtained by nicely adjusted springs, that will accommodate themselves to the size of thread used.

OUR CLAIMS FOR SUPERIORITY

ARE AS FOLLOWS:

A Device Whereby the bobbin can be wound without running the machine saves the unnecessary wear of the machine and the trouble of unthreading and removing work and attachments while the bobbin is being filled.

A Scale for Regulating The length of stitch, which enables the operator to readily ascertain the length of stitch without testing previous to commencing work.

A Spring-Tension Cylinder Shuttle, Holding a bobbin that carries a large amount of thread. There is but one hole to thread through, making it the most easily threaded shuttle in use. The tension may be changed without removing the shuttle from the machine.

The Double Feed Extends on both sides of the needle and permits a greater variety of work than any other. It has great power and never fails to perform its duty—will feed the lightest and heaviest goods with equal precision, and will cross seams and hard places without changing length of stitch or missing stitches.

Light Running. On account of the simple mechanical devices employed in its construction, runs lighter and with greater speed than any other machine, and is almost noiseless. It is the simplest, and EASIEST OPERATED, best made and most elegantly ornamented machine in the world, combining every requisite to produce perfect work.

Inviting a practical test of this machine, we distinctly claim for it a great superiority in plan, material, workmanship, and in its performance. It is unquestionably the most popular machine now in the market.

—THE OUTFIT.—

Each machine is supplied with the following outfit: One Hemmer and Feller (one piece) Twelve Needles, Six Bobbins, One Wrench, One Quilting Gauge, One Screwdriver, Oil Can filled with oil, Cloth Gauge and Thumbscrew, and a Book of Instructions. The following extra attachments are also furnished free: Ruffler, Tucker, Binder, Set of Wide Hemmers and Shirring Plate.

The book of instructions is profusely illustrated, and answers the purpose of a competent teacher.

Machines are shipped as fast freight, unless otherwise ordered; we paying freightage to Los Angeles, and purchaser paying from Los Angeles to his home.

Sewing machine agents sell this machine for $55 and $60; $25.50 buys one from us, with a year's subscription to the WEEKLY MIRROR in addition. Subscribe with your local agent or address

LETTERS TO THE TIMES.

Views of a Prohibitionist.

LOS ANGELES, April 14.—[To the Editor of THE TIMES.] Would you kindly permit me to say a few words in your interesting paper in defense of Prohibition?

Your article in today's times April 14th (Temperance versus Prohibition) is a paralyzer to all true lovers of humanity. If you quote the Rev Lyman Abbott, D.D. (whom you indorse) correctly, then Christ and Christianity are harnessed and drawing together in the interest of the whiskey ring and consumer, and in the service of a trade that has caused the destruction of more lives than war, pestilence and famine, that is the mortal enemy of your noble craft, that holds in its death grip now in Los Angeles some of the ablest editors, writers and worthy gentlemen, friends and citizens in California. If it is true that Jesus Christ made no protest against the abominable, unjust system of taxation, rings, trusts, protective internal and infernal revenue robbery of the people by the political bosses in the Roman Empire, then he was not the equal of Henry George. And if Henry George or I either failed to protest against these political crimes we ought to be crucified. If it is true that Jesus Christ was a witness, and looked on labor working with its hands in manacles, "and said never a word about or against Slavery," He proved to be a lively instructor and preceptor of modern Christianity, who for 250 years supported and protected in these United States African Slavery with all the wealth tortured from the bodies of these slaves, with all its power, eloquence and proofs from Holy Writ. Fought, bled, died and was crucified by the Infidel, who in time will Crucify Liquor. As an Abolitionist Christ was not a success. he did not equal Lloyd Garrison, John Brown, Uncle Abe, or that noble army of martyrs who gave their lives in Freedom's cause.

Would the Rev Lyman Abbott kindly state about how long a time it would take Christ to convince the Southern Slave owner of his individual sins in keeping his fellow man in chains and slavery? While he had Stonewall Jackson the greatest Soldier of the age (except Napoleon) to defend him (all for Christ sake)

If it is true that Christ never leveled his shafts against the liquor man, or the consumer (and the liquor seller is in a more honorable business than his customer), but on the contrary made wine himself. He should be ashamed of himself, for wine is worse than whiskey, for it always made my head ache. And it was a very small business for a God to be engaged in, and that one act recorded of him has made millions of drunkards and blighted homes.

As a Prohibitionist Christ was not a success. He was not equal to St. John. I say to the Rev. Lyman Abbott that I, who have drank lots of whisky, love it—it is nice. But it is death. All who drink it will die a premature death. He and the church, and all who oppose Prohibition in the Constitution are accessory with the Government before and after the fact for every act of violence inspired by Liquor. And the Government receives $100,000,000 per year from its people as the price of their destruction.

I say better for the human race that every vineyard in the world was torn up by its roots, than wine and brandy should be made from the lovely and luscious grape, which God gave to man for food, but which man prostitutes to the basest purposes, which he converts into wine and brandy, as he does the cereals, which are designed for the bread of life, but which man distills into alcohol for the destruction of Wife, Children, Home, body and soul, and finally lands him in Hell if there is any, and if there ain't, there ought to be; for I think he will find there will be no vicarious atonement for the repentant fool that with his eyes open, will voluntarily sacrifice all that man holds dear for the gratification of his artificial appetite. Not a Church Row After All.

UNIVERSITY, April 18.—[To the Editor of THE TIMES.] The rumor regarding a quarrel in the University Methodist Church, which was published in the city papers yesterday morning, turns out to have been, in important respects, not very well founded.

The dispute mentioned between Mr. Robinson and Mr. Little, which resulted in a trial for assault, concerned a business difficulty, and had nothing to do with the church, Mr. Robinson not being a member of University Church as stated.

The Rev. T. C. Warner, pastor of the church, asserts that there is no foundation whatever for the story of a division in his congregation, or for the rumor that charges are to be made against a prominent member. Some members are opposed to the organization of a branch chapel, but not sufficiently so to quarrel over it.

Most absurd of all are the stories about the arrest of three young men for disturbing the congregation. It had nothing whatever to do with any faction, and was not connected in any way with the new church enterprise. It should also be said that the highly-colored article regarding the disturbance published in another paper yesterday morning had no foundation in fact. Justice Sexton, after hearing the evidence on both sides, decided that the congregation had not been disturbed, and discharged the young men. It is now said that proceedings will be instituted for false arrest.

THE CITY IN BRIEF.

Justice Savage dismissed five persons arrested for vagrancy yesterday.

The case of Holmes vs. Arratta was taken under advisement yesterday.

Jacoby vs. Weller was postponed till Monday in the United States Circuit Court yesterday.

There are undelivered telegrams at the Western Union Telegraph office for Jane Bellasy and Dr. John Richardson.

B. Broderson and M. C. Broderson began suit yesterday to recover judgment of $325 on a promissory note given by J. G. McMichael.

Good Friday services will be held at the First Presbyterian Church at 12 m. Rev. Thomas W. Haskins of Christ Church will officiate.

S. P. Putnam will deliver a free lecture at Turnverein Hall next Sunday afternoon, when the work of Sam Jones and Moody will be reviewed.

The final settlement in the estate of Adolph Berguier and the decree of distribution was signed and filed in Judge Wade's court yesterday.

Invitations are out for Easter services of Coeur de Lion Commandery No. 2, Knights Templar, to be held in the Los Angeles Theater Sunday at 3 o'clock p.m.

Police Officer T. W. Gilbert was made happy Monday morning. His wife presented him with a fine bouncing girl baby. Both mother and child are doing well.

In Judge Van Dyke's court yesterday judgment was rendered for the plaintiffs in the case of Wetzel vs. Wetzel to quiet title of land in Santa Ana owing to defendant failing to appear.

The Historical Society will hold a meeting in the Board of Trade rooms Monday at noon to make preparations for the Washington inaugural centennial. All those taking an interest in the event are invited to be present.

John Coutts was examined as to his sanity yesterday. It was found that he was insane, and Judge Shaw committed him to Stockton. As he is the owner of considerable property C. F. Smith was appointed his guardian.

Suit was begun yesterday by George M. Layson vs. George Rhorer and Peter Fleming to recover $3905, the balance alleged to be due on the purchase price of land in San Bernardino county, bought by the defendants for $7250.

The Prohibitionists will hold a conference this afternoon and a public meeting in the evening, at Lougstreet's Hall, 108 North Main street. Rev. George Morris, State chairman and organizer of the party, will be in attendance.

Herman Huff, the champion bad boy, who was sentenced to the Reform School at San Francisco several days ago, was brought in by Officer Fowler late yesterday afternoon, and taken to the County Jail for the night. He starts north today.

There was but one arrival at the County Jail yesterday: Ah Kay, a Chinaman, who was sent up for an assault with a deadly weapon on another heathen. The register shows a considerable increase, there being 95 prisoners in the tanks at 7 o'clock last evening.

The remains of J. W. C. Coleman of San Bernardino were cremated in the furnace at Rosedale Cemetery yesterday at noon. The body was brought down Tuesday night. Los Angeles has the only crematory on the coast, and hardly a week passes without a body being sent in from some town in this vicinity.

The case of H. Edward Moore, the assignee of a number of claims amounting to $4093 against the Long Beach Depot Company, was on trial before Judge Clark yesterday. The claim is for baggage, trunks, wearing apparel, jewelry, etc., which were destroyed in the fire at Long Beach Hotel on November 8th, last year.

All day yesterday Mr. E. C. Munday, Hon. R. F. del Valle's law partner, was engaged in the argument of Kohn vs. Weill in Judge Ross's court. Yesterday was the third day of the argument, and Mr. Munday will not conclude before Saturday afternoon. This is the longest argument ever made in one case in Los Angeles.

The Electric Railway people started out yesterday morning digging holes to put up more poles on Los Angeles street. Street Superintendent Morford was notified and at once sent a man down to put a stop to it. The company at first demurred, but when the law was explained they ceased work and carted their poles off again.

Henry G. Meyer was on trial yesterday for unlawfully breaking through and tearing down a fence to make a roadway through the property belonging to Doria Jones, on Pico street, against her wishes. The case was given to a jury at 3:50 o'clock, but as they could not agree by 6:30 o'clock Justice Savage discharged them.

An old man called at the police station last evening to report that his cabin, at Santa Ana and Ballona avenues, near the city limits, had been broken into and robbed of a nickel watch, some bacon, cornmeal, and several articles of wearing apparel. He was told that a detective would be put on his case, when he left well satisfied.

The following cases were disposed of by the respective juries in Judge McKinley's court yesterday: John Ryan, accused of stealing a bundle of clothing, was found guilty of burglary in the first degree. Sentence day set for Monday, April 22d. José Wilson, for stealing a guitar, found guilty of burglary in the second degree. Sentence day, April 22d.

Another detective agency has sprung up in this city within the past few days. It is composed of several members of the old police detective force, and two or three of them have national reputations as detectives of ability. Ex-Chief of Police Cooney is chief of the agency. The boys have opened their office in room 38, Wilson block, on the corner of Spring and First streets.

E. C. Webster, the Pasadena banker, filed a petition of insolvency before Judge Clark yesterday, and hearing was set for May 27th. An inventory was also filed, showing liabilities of $176,690.06, and assets of $36,775. Mr. Webster has been a prominent factor in the development of Pasadena, and it is thought that some arrangement will be made by which he will be able to resume.

Stanton Post and Women's Relief Corps will give a joint social and entertainment at their hall, 292 South Spring street, tomorrow evening. An excellent programme has been arranged. All good spellers are especially invited, as a spelling match will also be in order. A prize of $3 will be given to the best speller, $2 to the next and a primer to the one that sits down first.

Head, Throat and Chest.

Together with diseases of the Eye, Ear and Heart, also diseases of females, successfully treated by

M. HILTON WILLIAMS,

M. D., M. C. P. S. O.,

Office, Hollenbeck Block, corner Second and Spring streets, Los Angeles, Cal.

All diseases of the respiratory organs treated by the most improved medical inhalations and the Compound Oxygen treatment, which has such a world-wide reputation in lung and nervous affections.

We take pleasure in announcing to the public that we combine the Compound Oxygen Treatment with our system of practice in the cure of asthma, bronchitis, consumption, dyspepsia, insomnia, sore throat, catarrh, rheumatism and nervous prostration.

The testimonials given below are very fair samples as to the time required for effecting cures in these troublesome cases:

LOS ANGELES, CAL., Nov 14, 1888.

This is to certify that I had been afflicted with asthma and emphysima of the lungs for about 24 years. My disease was contracted in the army. I had tried almost every known remedy, both here and in the East, but nothing ever gave me permanent relief until I tried Dr. Williams's Compound Oxygen and other remedies. It is only about one month since I began the treatment, and already I feel like another man. I was so bad that for days I could hardly breathe, but I do positively feel that I am cured. The difficulty of breathing has been entirely removed, and I feel as well as I ever did in every respect.

JOHN W HOYT,
Employe City Water Works,
265 Bellevue Avenue, Los Angeles.

LOS ANGELES, Nov. 16, 1888.

It is a source of gratification to me to be able to testify to the very satisfactory cure Dr. M. Hilton Williams has effected in my case with his Compound Oxygen and other inhalations. After suffering several years with catarrh of the head and throat also bronchitis, which caused a very aggravating cough, I applied to Dr. Williams, who effected an entire cure in just two months from the time I began the treatment. I take pleasure in recommending Dr. Williams as a Christian gentleman and a conscientious and skillful physician, whose cures seem almost marvelous in cases of consumption, asthma, bronchitis and catarrh.

MRS. L. A. THURSTON,
1422 Temple st., Los Angeles, Cal.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at my office for consultation and examination, but, if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address
